# Learning To Fly

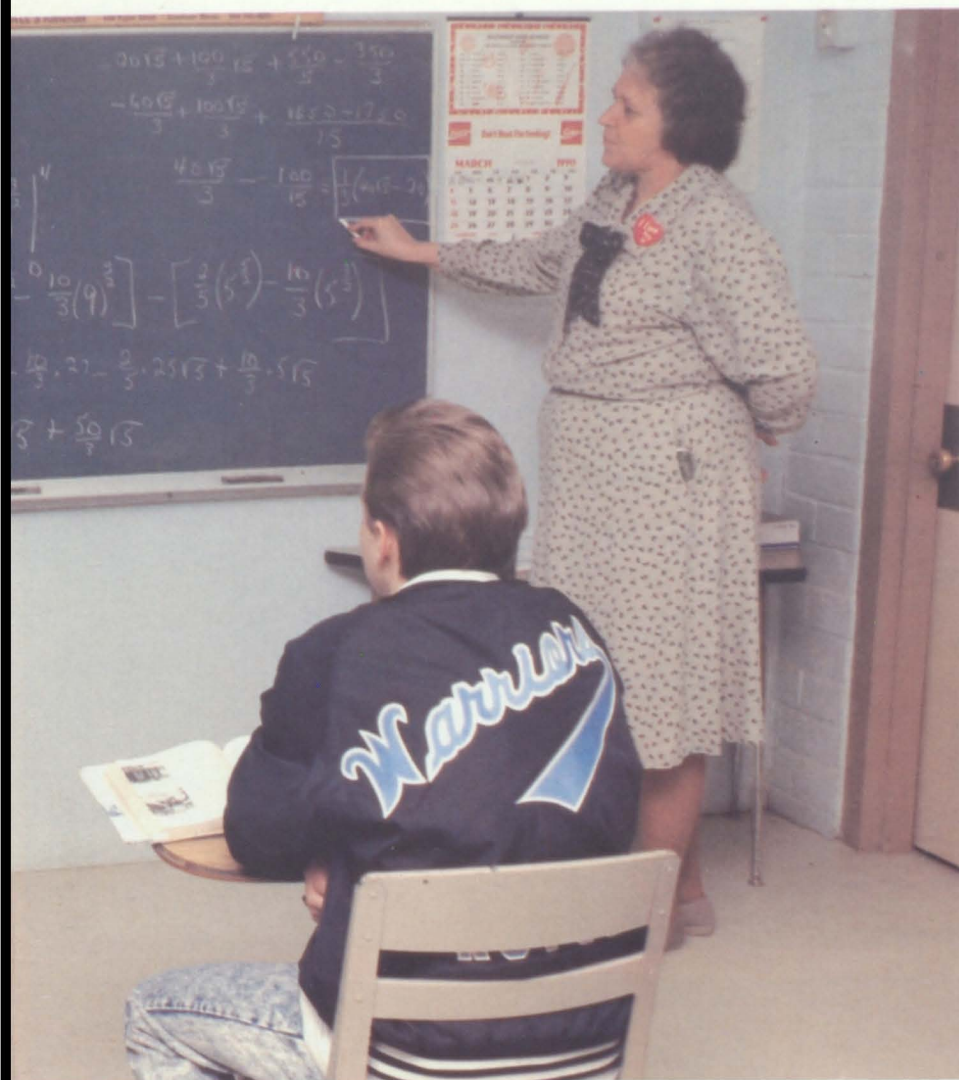

They always said, "You'll just have to get on your feet — it's just your first year". Well, it is year number two, and it's safe to say we have risen to our feet. Our legs are a little sturdier; our feathers have dried. Now all that is left is to spread our wings and fly. And fly we have, on the winds of success, in all areas.

Every student at Southeast is responsible for the success of our "air voyage". We are all pilots, taking control of a destiny much greater than our immediate high school environment. In order to ensure a good flight each must possess a proficiency in three areas: **Headwork**, **Attitude**, and **Air Discipline**. These skills are indispensable when **Learning to Fly**.

## Headwork

Good pilots are always alert and ready for any situation. Sometimes quick decisions and clear thinking are required. These sorts of skills, or **Headwork**, as we like to call it, are used by "Warrior pilots" at Southeast. It involves more than just classwork and studying. Southeast **Headwork** is taken onto the courts and into the library where students assure the accuracy of their flight.

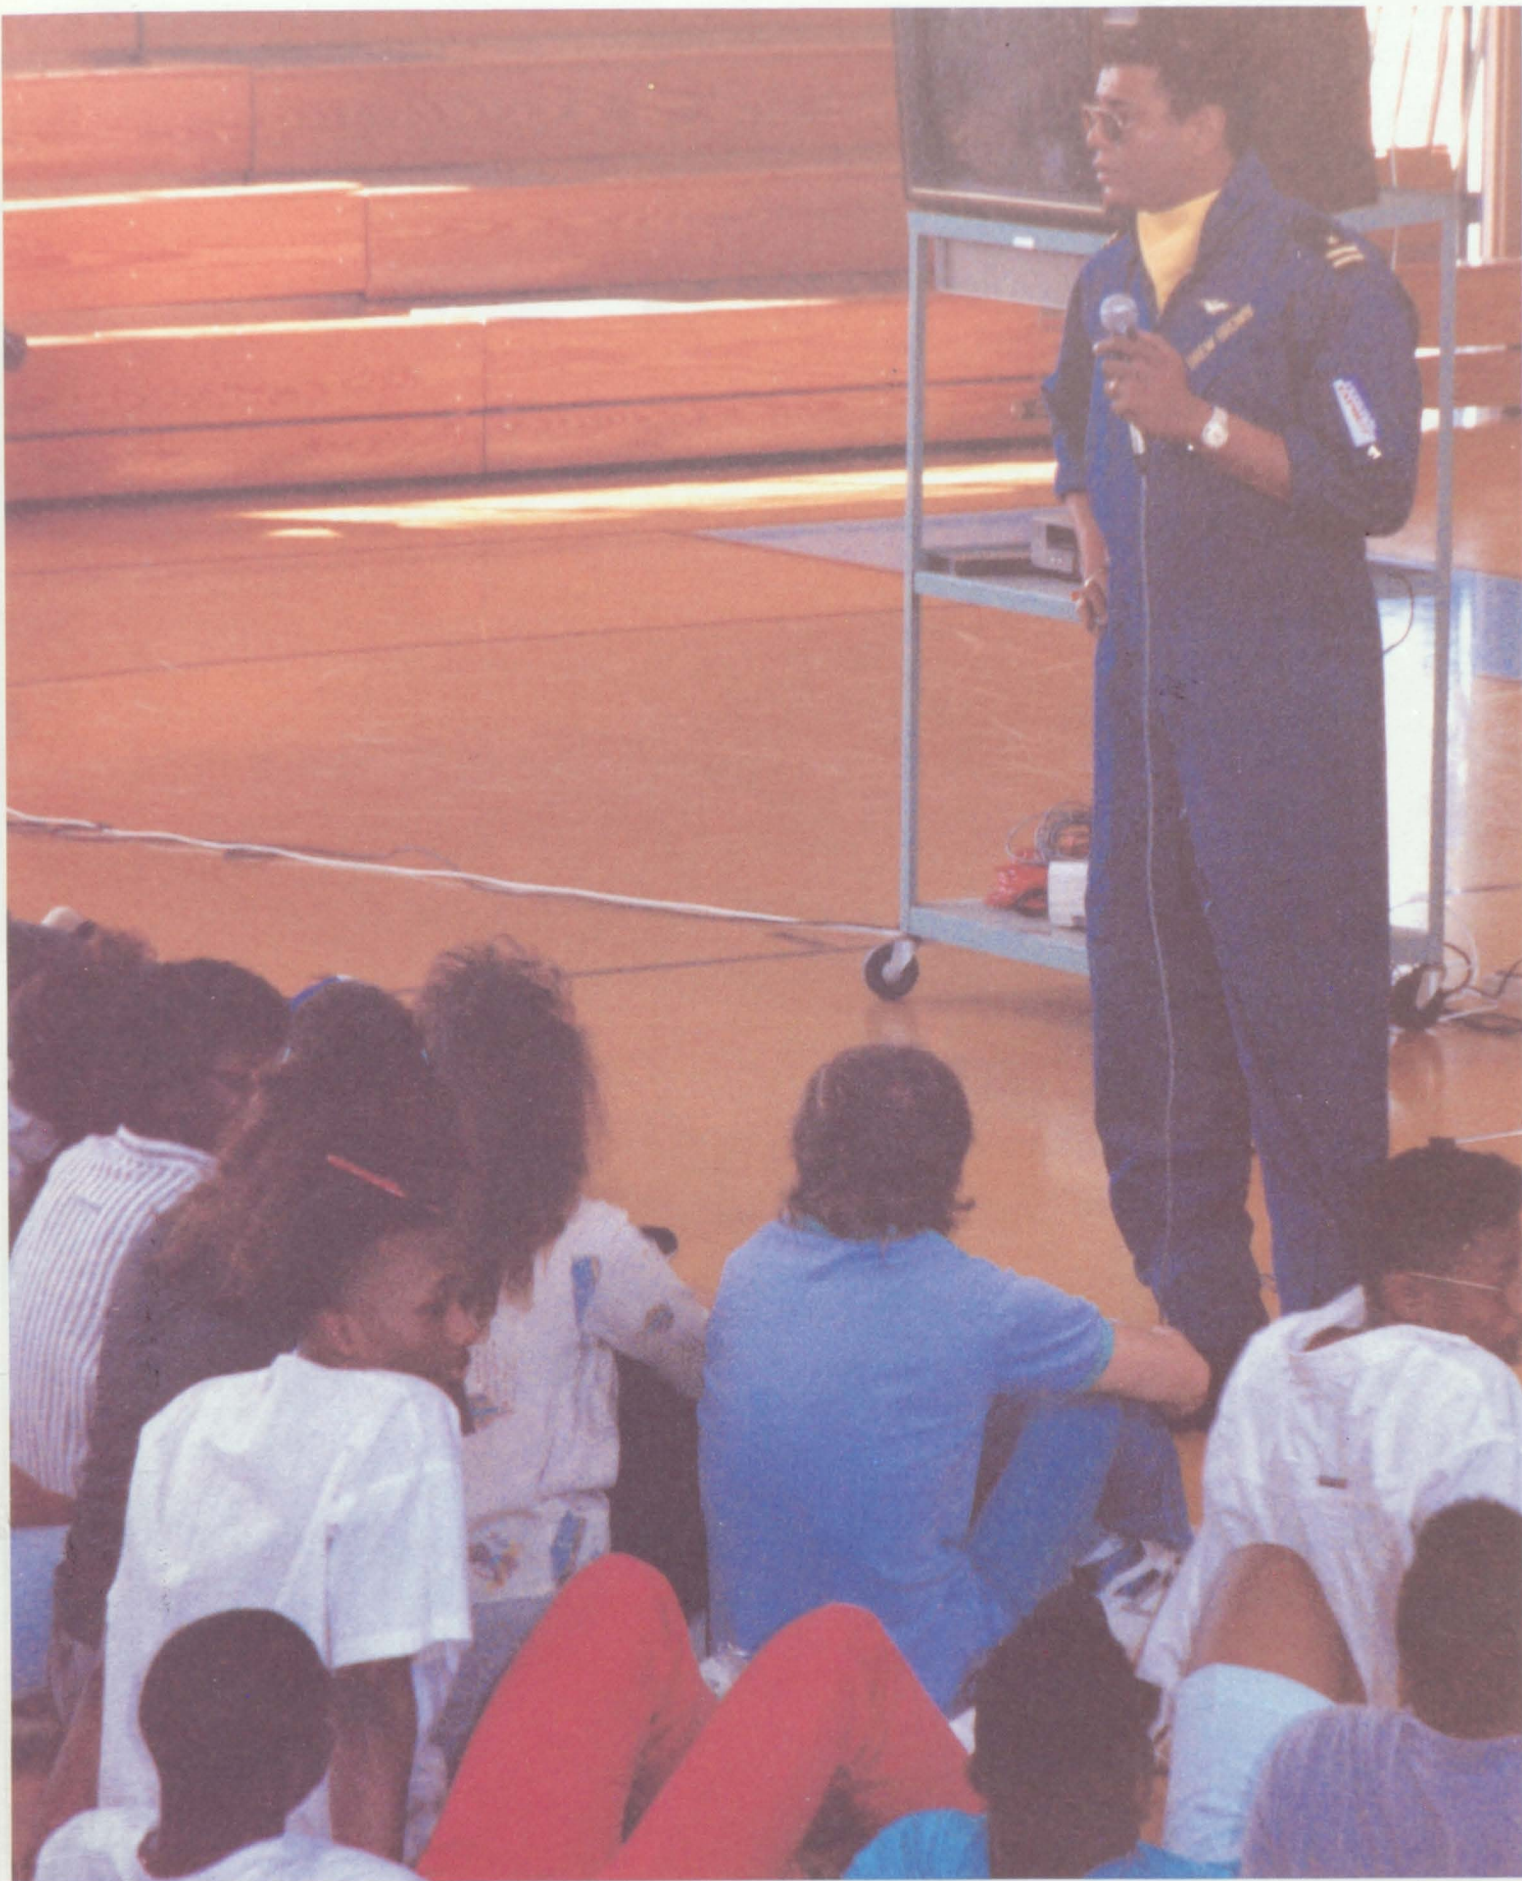

# Attitude

**Attitude** is equally important. Pilots must work with others to go the distance. At Southeast it's that Warrior spirit which is allowing us to test our wings this year. It's that little blue/black spark which takes us farther faster.

The positive outlook at SEH finds favor with teachers and others who are important to our future. It was this **attitude** that brought us to our feet, and this same **attitude** will take us soaring through the clouds as we "Learn to Fly".

# Air Discipline

"What exactly is **Air Discipline**?" you may ask. Well, no. . . it's not a new style of Nike sport shoes. When used by pilots it is the motivation that gets them through a flight safely and securely. In school it is the ability to behave maturely and get the job done. There are some things in life which aren't as pleasant as others (like homework and studying). Success doesn't come by **Headwork** and **Attitude** alone; it takes the **Air Discipline** to complete the flight and land our individual destiny.

## SOFTBALL

The varsity softball team had an exciting season, winning 6 out of 13 region games and placing second in the Jones County Softball Tournament. The Lady Warriors scored 122 runs in only 17 games. They were led by senior captains Heather Gibbs, Shannon Huskins, and Jill Johnson. Next year looks promising for Southeast, even though 4 senior starters will graduate. Six freshmen gained valuable experience and will be a definite force to be reckoned with.

Top, left to right: B. J. Peavy gets ready for a play at third. Where did all this dirt come from? Coach Mathis discusses strategy with the infield. Bottom: Janna Shelley watches anxiously from second base. Heather Gibbs nervously chews gum while coaching from the sideline. Crystal Clark prepares for a battle against Central.

## CROSS COUNTRY

The Southeast cross-country team finished its 7-6 season in grand style. The boys team placed third in the region, and Kim Stanley and Alecia Vinson qualified for state competition. The pair came in 49th and 50th, respectively. This year our cross country team showed us they have not only learned to fly, but that they are soaring to new heights with every meet.

Top, left to right: Derrick Wade runs across the obstacle course during a meet at Northeast. Clint Hopper slips comfortably past the competition. Stephen Hall is the solitary runner on this lonesome stretch of road. Bottom: Jermaine Evans leads the pack, followed closely by Randy Colbert. ## FOOTBALL

Whatever has happened this year, one thing is for sure: the Warriors' varsity football team has proved that they can hang with the tough guys. They started out the season with their first victory in history, beating George 34-21. This early victory gave the Warriors the encouragement they needed to give it their best. They played that last game with as much heart as the first.

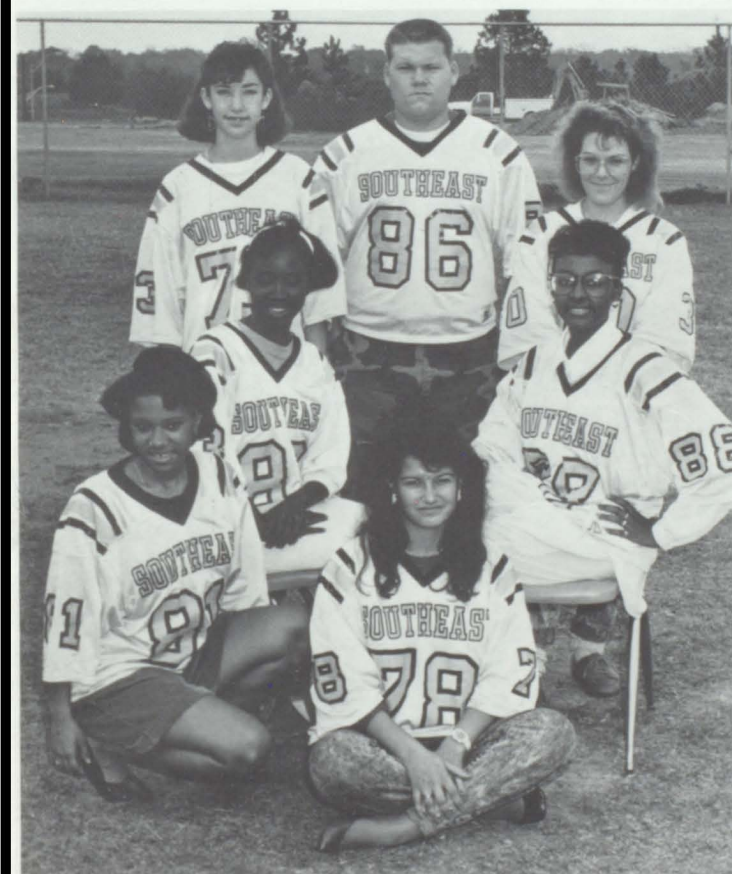

Though they finished the season 3-7, the Warriors won a victory every time they played. Not only did they improve each time they stepped on the field, they also gave everyone a little taste of what to expect for many years to come.

Top, left to right: The Warriors work together to complete a play. Patrick Caldwell shows his school spirit. Larry Ward passes the ball to Hiram Simmons. The Warriors line up for a play. Bottom: Now, this is a pile-up! Larry Ward takes off for the end zone.

## JUNIOR VARSITY FOOTBALL

In their first season the Junior Varsity Football team showed a lot of spirit and Warrior pride. Although the record might not indicate it, the JV team showed great strength and power. They will contribute significantly to next year's varsity team.

Top: The Warriors dodge through a tackle for a first down. Middle, left to right: The Warriors hold the Chargers. The Warriors run for a big gain. Bottom: Junior Varsity games can be rough!

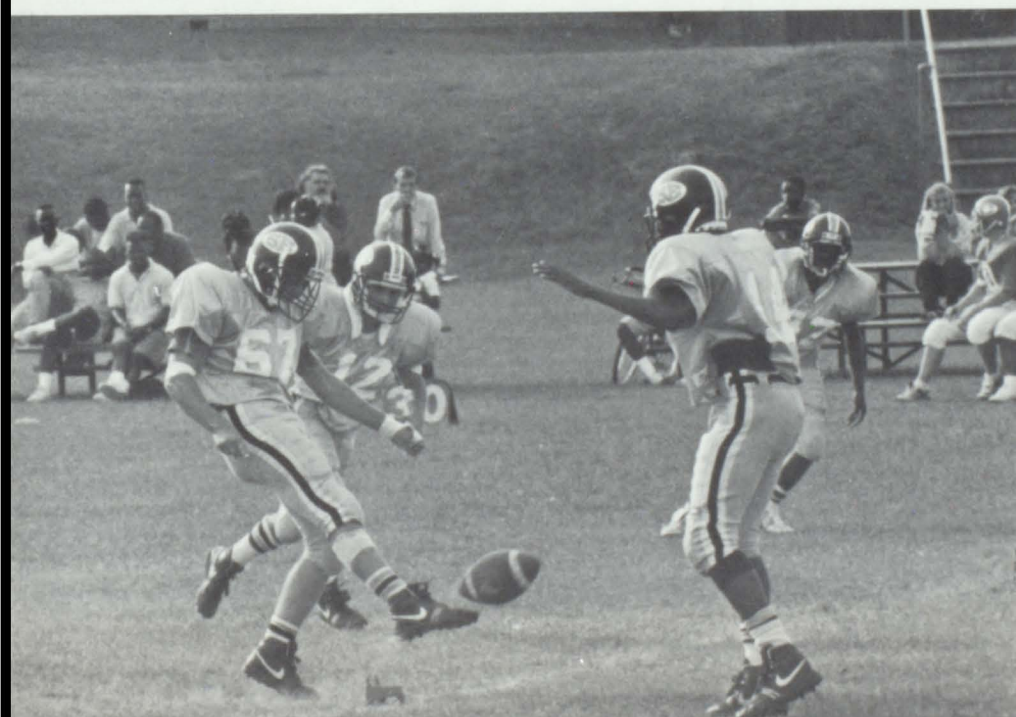

## NINTH GRADE FOOTBALL

The youngest Warriors worked hard to make their new school proud of them. Although they were unable to pull off a win this season they proved that, no matter how young, Warriors are workers!

Top: The tight end prepares to make a big catch. Middle: The Warriors catch a long pass and prepare to run. Bottom: The Warriors get off another great kick.

## CHEERLEADERS

The Southeast cheerleaders grew in number and in experience during the 1989-1990 season. Summer camp was the beginning of learning new skills and sharpening abilities. This new knowledge was evident as the cheerleaders built pyramids and performed more demanding stunts. This year's squad has grown into one to be proud of.

Top, left to right: Southeast cheerleaders prepare to show their spirit. The Warriors prepare for their big breakthrough. Middle: Teresa Rountree prays for a victory. Bottom: Angela Hubbard wonders, "Why me?" The varsity cheerleaders are reaching for greater heights. Go Warriors!

## JUNIOR VARSITY CHEERLEADERS

The Junior Varsity cheerleaders had a very exciting year. The squad, consisting of eight members, worked closely together as a family. The girls enjoyed cheering the Junior Varsity football team, even in the cold! The Junior Varsity basketball teams won many of their games thanks to the spirited cheering of the JV cheerleaders. With the help of advisor Shelia Davis, the JV cheerleaders had a productive year.

Team Members: top to bottom, left to right: Consuela Palmer, Christina Dowd; middle: Shannon Brown, Kim Mathis; bottom: Kathryn Simpson, Kim Lewis, Jennifer Culpepper.

## DRILL TEAM

The Southeast drill team practiced many long and hard hours to perform exciting routines for the Warriors. Each member exerted high energy to "liven up" the atmosphere at varsity basketball games. The drill team also performed at the Mr./Miss Southeast pageant. With the help of their advisor, Mrs. LaPrincess Vinson, the drill team had a very successful season.

Top, left to right: Nicole Dowell and Crystal Woodall show what hard work and long hours are all about. ## BOYS BASKETBALL

The Warriors fielded a great team during the 1989-1990 season, winning 13 games. The team was formed with determination, spirit, and the desire to be the best. They brought dedication and athletic ability to every game. When the going got tough, the Warriors got tougher.

Top, left to right: Ricky Hubbard passes the ball for the score. Corey Boyd dribbles on past the Southwest defense. John "Tall" Ward jumps high for a first possession of the ball. The Warriors open the game with a spirited huddle. Bottom: Michael Mathis lays it up for two. Antonio "Bird" Wooten takes it to the hoop with a little help from his friends. Michael Henderson proves that Nike Air shoes really do work!

Team members: Top to bottom, left to right: John Ward, Antonio Wooten, Trevino Glover, Larry Kinney, Ben Dishmond, Clarence Patterson, Corey Boyd, Donald Henderson, Antonio Randall, Ricky Hubbard, Larry Ward, Carlos Grayer, Michael Mathis, Delvin Wilson.

## GIRLS BASKETBALL

The Lady Warriors had a fabulous year on the court, losing only 4 regular season games. The girls worked long, hard hours to perfect their basketball skills and in the end it all paid off. A strong team emerged, one that everyone was extremely proud of as they finished second in the region and made it to the quarter finals of the state.

Top, left to right: Kim Moody jumps high for the ball. The Lady Warriors fight hard for repossession of the ball. Kim Moody fights defensively to keep the ball. Bottom: Kim Stanley warms up with another two. Diquita Watts plays successful defense in a win over Southwest. Janna Shelley leaps up to add points to the Southeast score.

Team Members: Top to bottom, left to right: Kimberly Moody, Tara Howard, Denise Jones, Janna Shelley, Crystal Clark, Vanessa Spencer, Lakisha Jenkins, Quincie Grayer, Shelli Moulton, Kimberly Stanley, Diquita Watts.

## JUNIOR VARSITY BOYS BASKETBALL

The junior varsity boys showed both charisma and spunk this year. Whether winning or losing, they played with the true Southeast spirit. "Through their hard work and dedication they had a fantastic and enjoyable season," says Coach Ashley. We look forward to seeing more in the future.

Top, left to right: The junior varsity boys anxiously await the game. The pep rally fires up the boys. Bottom: Derrick Wade drives in to set up a score.

## JUNIOR VARSITY GIRLS BASKETBALL

The girls junior varsity basketball team got off to an incredible start this year by winning their first two games. The Lady Warriors have accomplished many of their goals and have great plans for the future. They took great spirit and determination onto the court in every game. They have shown their hard working enthusiasm all year and we look forward to many wins in the years to come.

Top, left to right: Sabrina Mattox adds a free throw. Jocelyn Foster, Sabrina Mattox, Kimberly Stanley, and Tara Howard await the outcome of the free throw; middle: Teamwork gains another rebound.

Team Members, left to right: Shelli Moulton, Cassandra Smith, Sabrina Mattox, Amy Edge, Melissa Pulliam, Carol Redmond, Jocelyn Foster, Tara Howard, Kimberly Stanley.

## NINTH GRADE BOYS BASKETBALL

Throughout the season the ninth grade boys played with great determination. Head coach Henry Ficklin provided inspiration in leading his team to second place in the city and a 4-2 record.

Top: The ninth grade team is presented at a pep rally.

Team Members, top row, left to right: Andre L. Gibson, Randy Colbert, Willie Shine, Eric Glover, Jerrome Hearn, Reginald Finney, Derrick Solomon, Nelson Hill, Ken Bennett, Aaron Dickerson-Trainer; bottom row: Denraiel Carlise, Terrence Gore, Robert Brice, Desmond Wright, Gary Johnson.

## NINTH GRADE GIRLS BASKETBALL

Although the ninth grade Lady Warriors did not win a game this season they played with great spirit and drive. Their head coach, Joe Heggs, led the team through a hard fought season and taught them that there is also a value in defeat.

The ninth grade girls are presented at the pep rally.

Team members, top to bottom, left to right: Valerie Johnson, Joyce Sands, Sharon Brooks, Devona Bell, Angelica Thomas, Carolyn Raines.

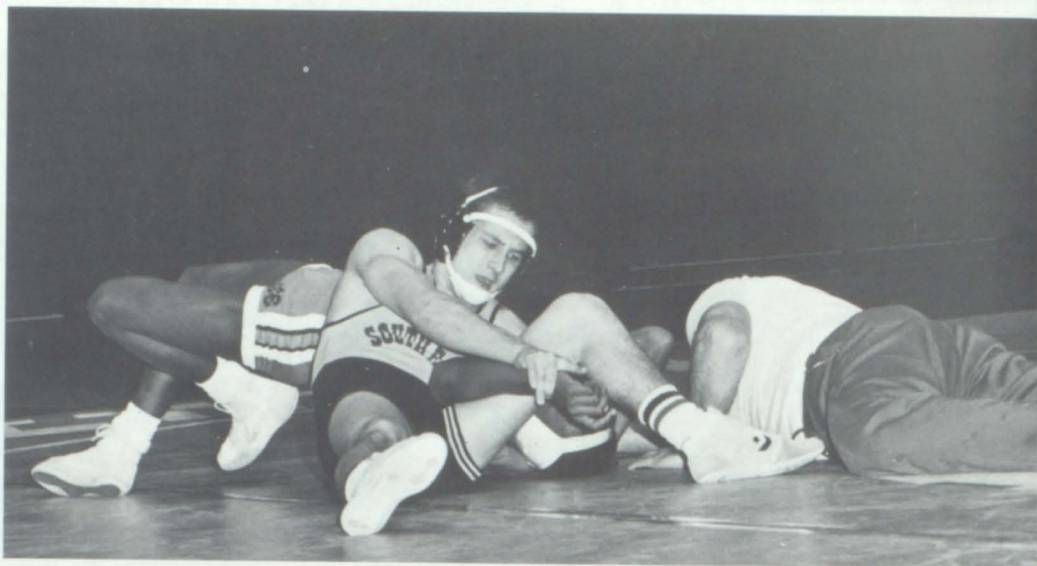

## WRESTLING

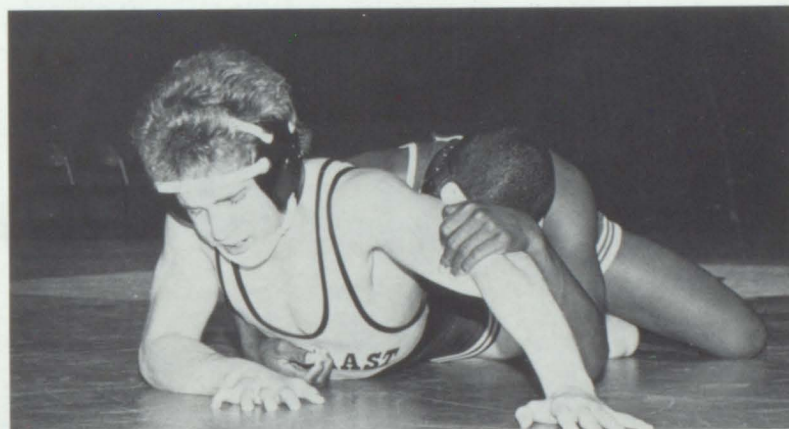

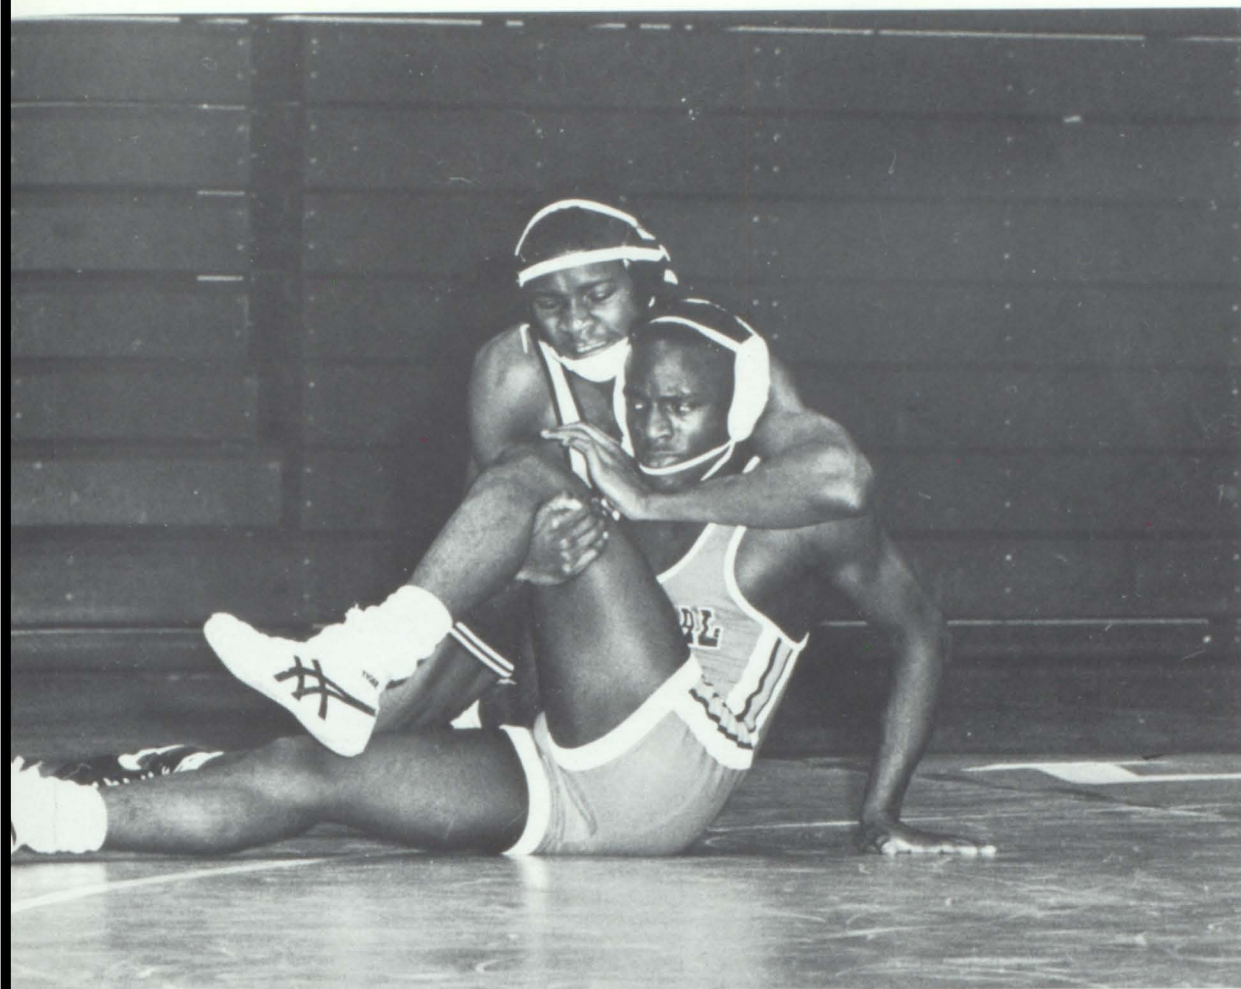

Though only in their second year, the wrestling team showed their competitors that they had what it takes to be winners. Participating in tournaments such as West Laurens and Baldwin regional, the wrestling team gained experience which will be sure to contribute to their future success. With dedication, determination and hard work the wrestling team developed character and made their year a successful one. Hats off to the Southeast Warrior wrestling team of '89-'90.

Top, left to right: Joey Lee takes his opponent down for the pin. Steven Hall executes the cradle on a hapless Charger. Bottom, left to right: James Hill experiences the thrill of victory. Chad Edwards demolishes his opponent with a takedown. David Flynn struggles for the advantage. Dexter Thomas knows that riding the gut is what it takes to win.

Team Members, top row, left to right: James Hill, Eric Williams, Dexter Thomas; middle: Jacob Patton, Joey Lee, Chad Edwards; bottom: Kevin Johnson, Steven Hall, David Flynn.

## SOCCER

The 1990 soccer team had an exceptionally good season. Under the guidance of their coach, Lynn Hudson, the young athletes were able to perform with quickness and cleverness on the soccer field. Soccer has taken root firmly at SEHS and there's no doubt about it: soccer is here to stay!

Top, left to right: Goalie Jon Fisher kicks the ball down the field. Paul Kirkus gains control of the ball. James Harris speeds up to wrest the ball from Southwest. Bottom: Joseph Prather uses fancy footwork to get the ball down the field. Scott Hurst attempts to score. Now, that's using your head, Roderick!

## GIRLS TENNIS

Mr. Jones' Varsity Tennis Team entered its second season of play this year with a new arsenal of players and a renewed determination to win. Because the tennis team was composed mostly of freshmen, next year holds much promise for a winning season.

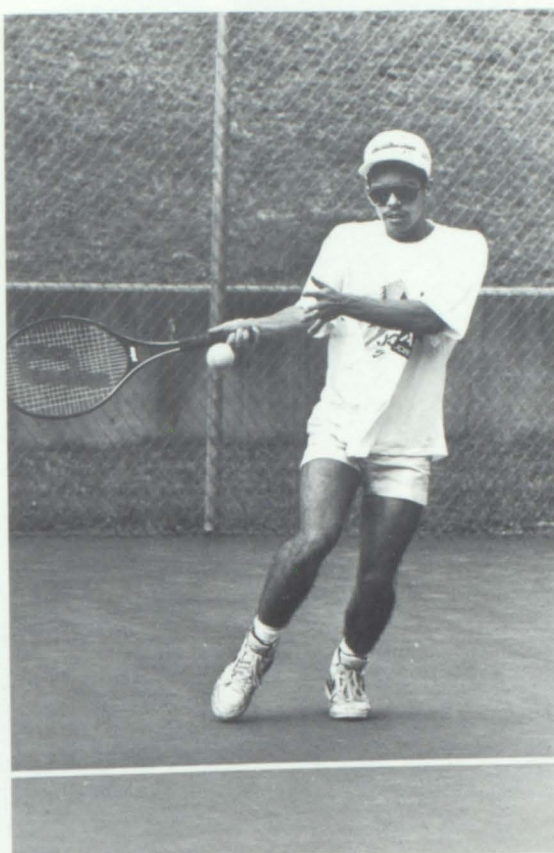

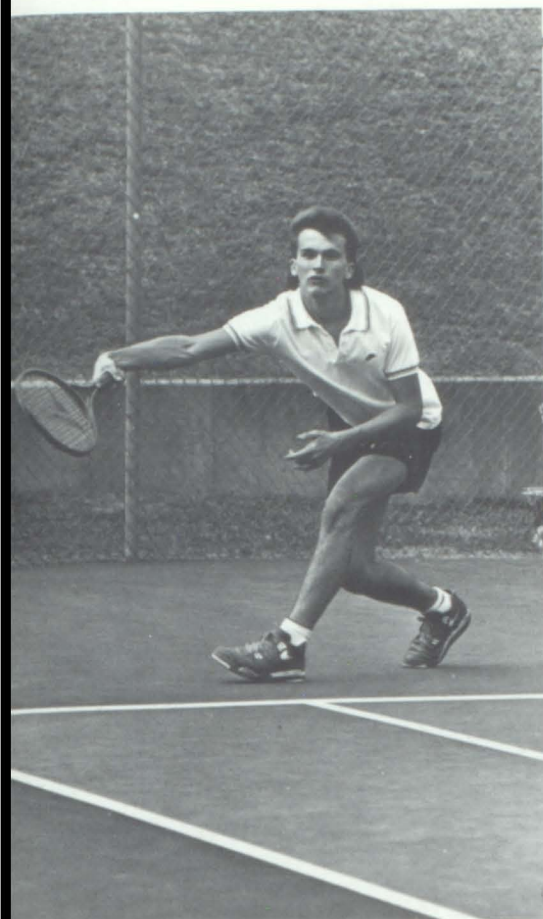

Top, left to right: Number one seed Shannon Huskins gets in position to hit a topspin forehand. Kristina Case hopes to ace her opponent. Middle, left to right: Tammy Addison tries to get her second serve in. Bottom: Mardi Garrett hits the ball back into play.

Back Row, left to right: Marie Garrett, Kristina Case, Kathryn Simpson, Shannon Huskins, Christina Dowd, Jennifer Perry; kneeling: Jennifer Jones, Tracie Marshall, Mardi Garrett, Tammy Addison, Tina Goolsby.

## Boys Tennis

Because this was the first varsity boys tennis team from Southeast, it was a learning experience for both players and coach. The team got off to a slow start, but as the season progressed they realized the importance of teamwork and dedication. This has been a building year for the tennis program and next year holds much promise.

Top, left to right: Steve Reynolds slices the ball back over the net. Kirk Oliver tries to surprise his opponent with a drop-shot. Below: Joel Reid practices his serve before a match.

Standing, left to right: Steve Reynolds, Kevin Reid, Sean Davis, Larry Kinney, Coach Hammond; kneeling: Kirk Oliver, Richard McEver.

Southeast golf is getting better and better! Although the '89 captain transferred to another school, the members of the team — Paul Burner, Brian Edwards, Shep Shepard, Jeb Stewart, Eric Stoker, and Andrew Upshaw — pulled together to improve their old record of 4-9 to 9-6. The team traveled around the state for several tournaments and played some beautiful courses.

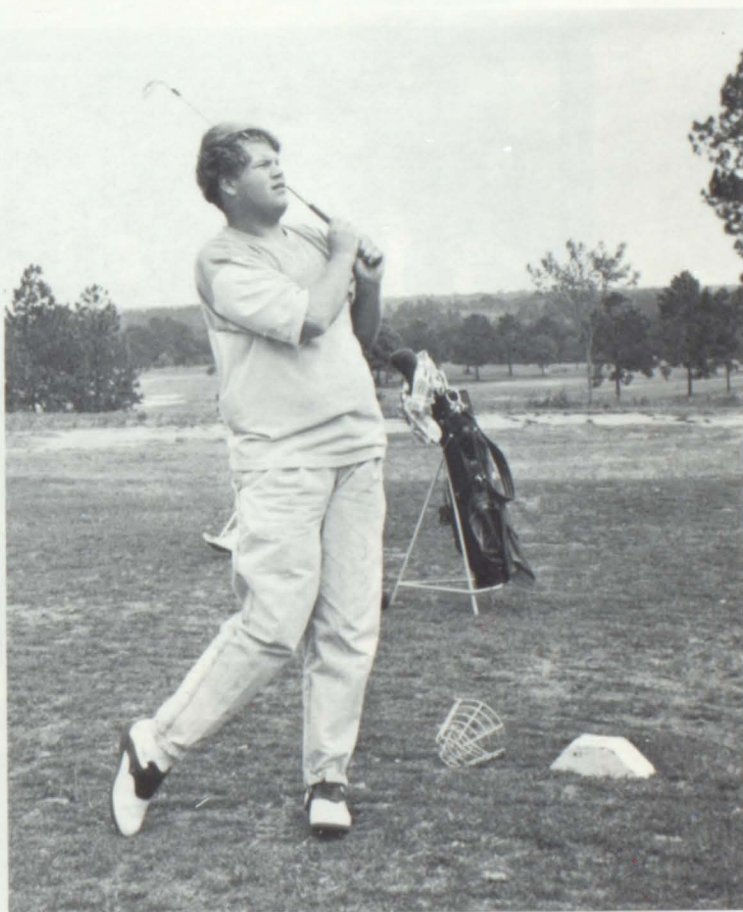

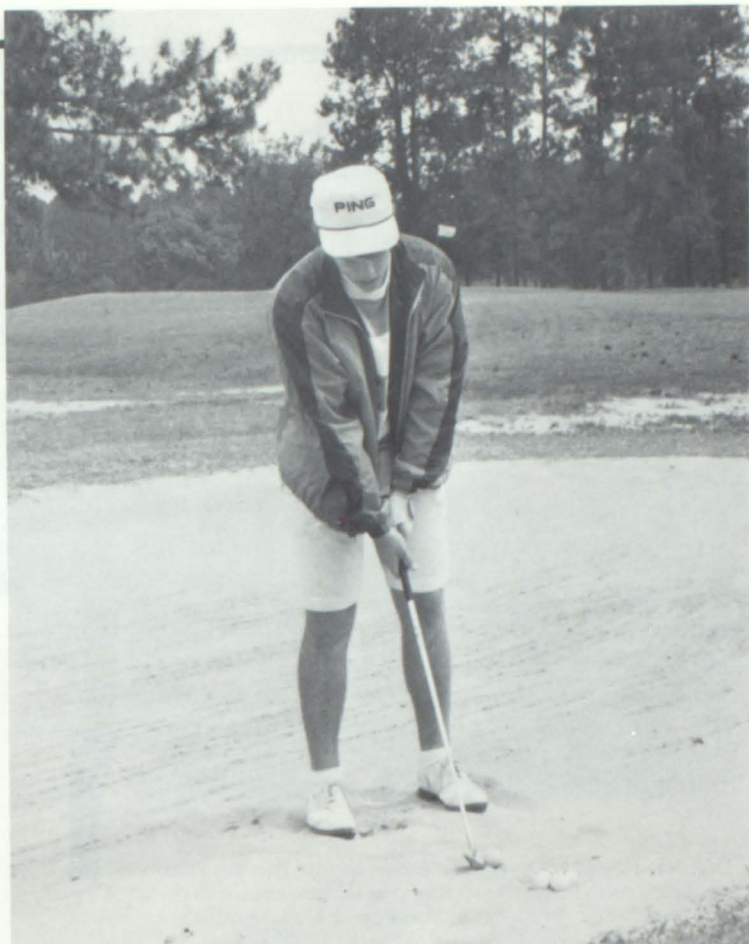

The golf team finished out the year by playing in the region tournament at Reynolds Plantation in Eatonton. They shot their best score ever and finished 5th out of 15 teams.

Top, left to right: Which one am I supposed to hit? Paul Burner watches anxiously as . . . Jeb Stewart tries to putt his way out of the sand-trap. Bottom, left to right: Andy Upshaw chooses a club for his next shot while . . . Eric Stoker hits one into the fairway.

## BOYS TRACK

The 1989-90 Varsity Boys Track Team has come a long way since last year. They have become well known by placing third at the Cobb County and second at the Statesboro meets. At the regional competition, SE did tremendously well. Derrick Wade placed sixth in the 1-mile run, Larry Miley came in third, and Eric Pryor won first place in the long jump. The future definitely looks bright for these young men.

Top, left to right: Derrick Solomon sprints past his competitors. Tracie Browner stretches for that extra inch in the long jump. Eric Pryor leaps through the air. And it's a photo-finish!

Standing, left to right: Coach David Carey, Corey Boyd, Coach Henry Ficklin, Ricky Hubbard, Gary Johnson, Jermaine Evans, Derrick Wade, Kendrick Hicks, James Bryant, Danny Stanley, Derrick Solomon, Coach Thomas Carstarphen; front, Anthony Smith, Eric Pryor, Clarence Patterson, Tracie Browner, Ricky Sampson, Dexter Brown.

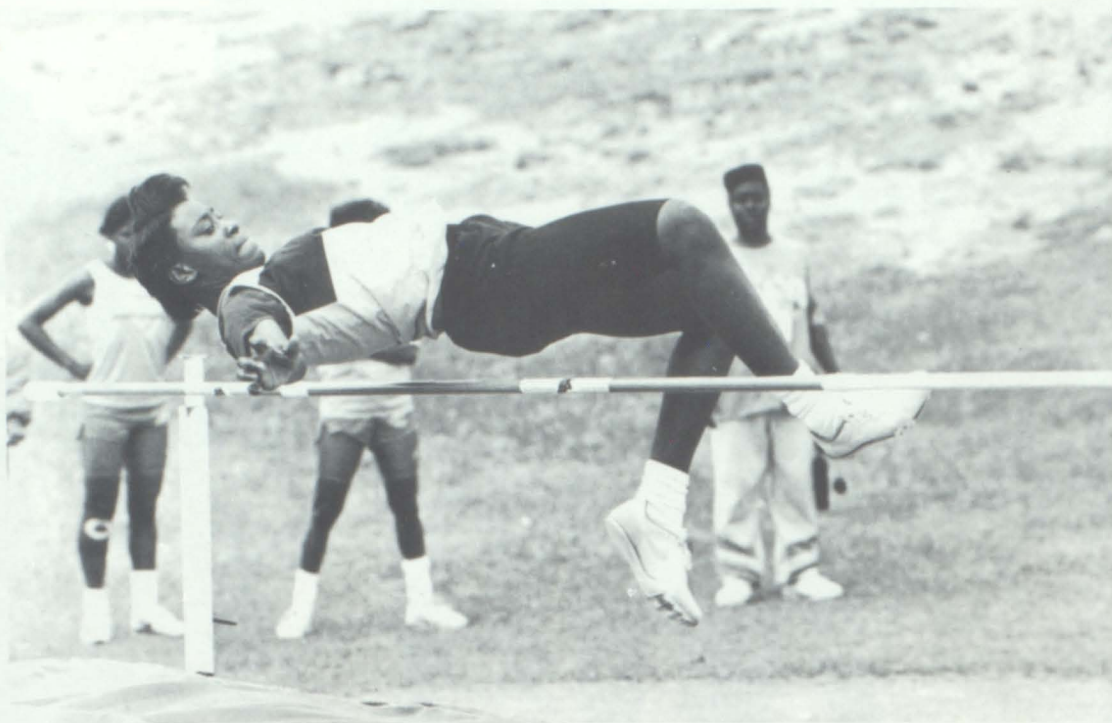

## GIRLS TRACK

The Girl's Track Team had an excellent year. Denise Jones won third place in the shot-put at regionals, and Kim Stanley won third place in the mile run. Even though the team only accumulated a 5-6 record this season, this does not reflect the hours of hard work and dedication that each member put forth. The future looks bright for these young ladies.

Top, left to right: Crystal Clark competes in the high jump. Alexis Walker prepares to throw the discus. With a look of determination, Crystal tries to out-jump her opponents. Bottom: JoAnn Sands puts her whole body into her throw.

Back row, left to right: Coach Goolsby, Joyce Sands, JoAnn Sands, Janna Shelley, Kim Stanley, Lavae Childers, Coach Mathis; front row: Alexis Walker, Diquita Watts, Quincie Grayer, Tarcia Reeze, Koquita Wooten, Crystal Clark.

## SPECIAL OLYMPICS

The Southeast Warriors Special Olympics Team went to Porter Stadium on March 14, 1990, to participate in the local track and field meet. The Warriors opened the ceremonies as they led in the parade. Then the games began. As the day progressed it proved to be rewarding to the students as everyone came home a

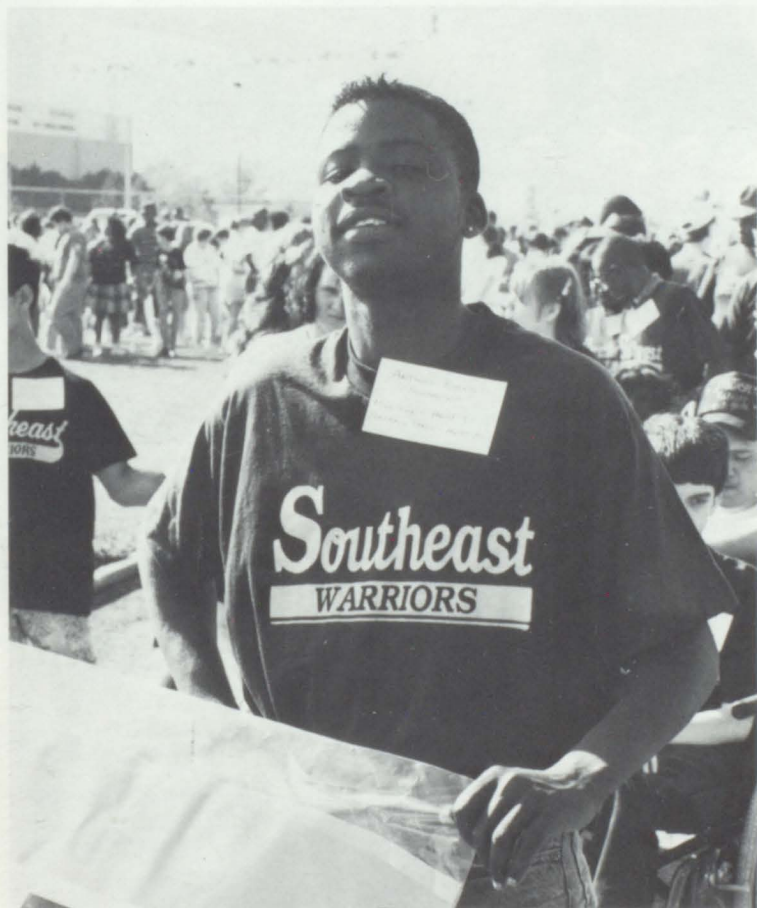

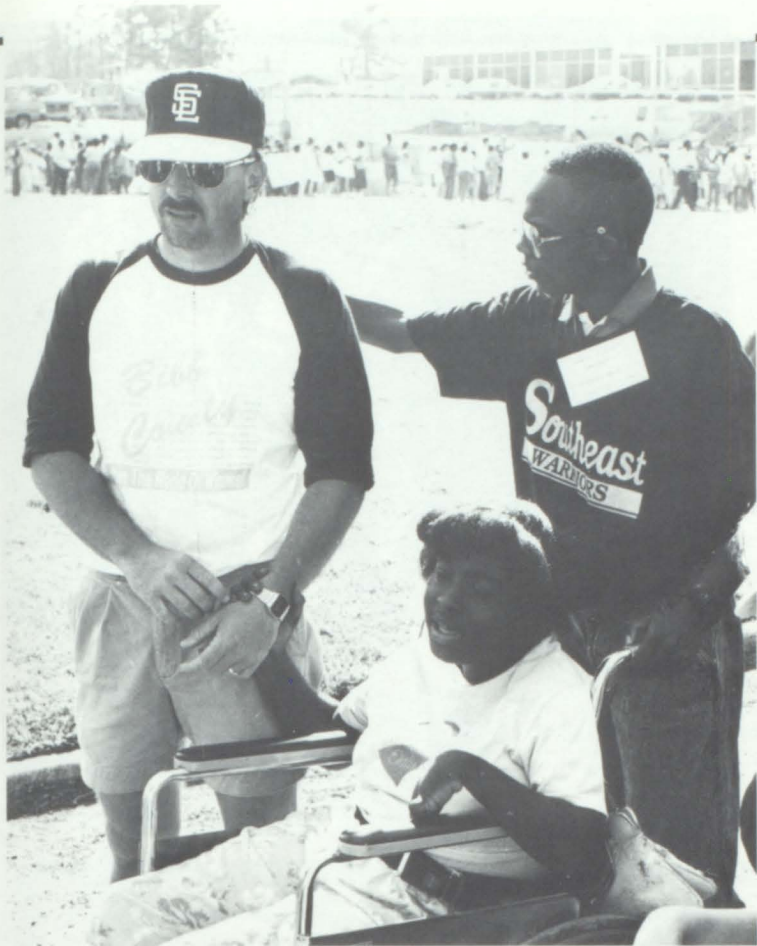

winner. The team showed the true meaning of sportsmanship.

Top, left to right: Southeast opens the Special Olympics parade. Rosa Williams and Shorn Gibson get some last minute advice from Coach Stewart. Mrs. Brown and the "crew" await the parade. Bottom: Antonio Burks plays it cool for the camera. Nancy Bell is all fired up for the games.

Team Members: top, left to right: Tony Burke, James Morrison, Coach Willie Hardy; row three: Willie Sandifer, Dawn Brundage, Terry Hood, Chris Guyton; row two: Peggy Denmark, Sonabayatta Gibson, Chris Bell, Larry Singleton, Chris Ousley, Meredith Woodruff, Jasper Jackson; front row: Brad Jones, Melissa Davis, Stacey Mimbs, Gina Daniels, Jan Newman, Gustavo Guios.

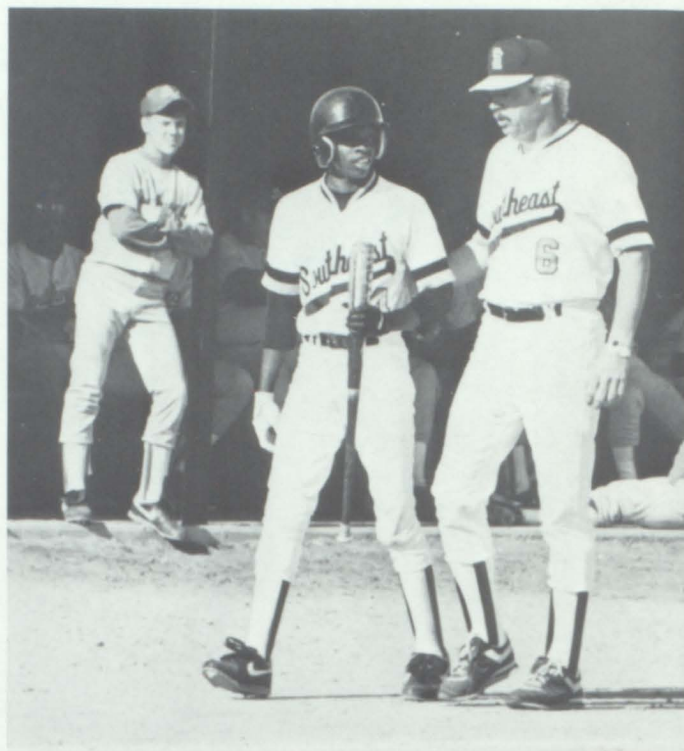

## BASEBALL

In their second year of existence, the Southeast baseball team developed a newly found sense of determination. By improving their record to 11 — 9, they overcame their inexperience and established a winning attitude. They took home third place in the Lem Clark Tournament, and playing with only one senior this year assures that the young team will be even

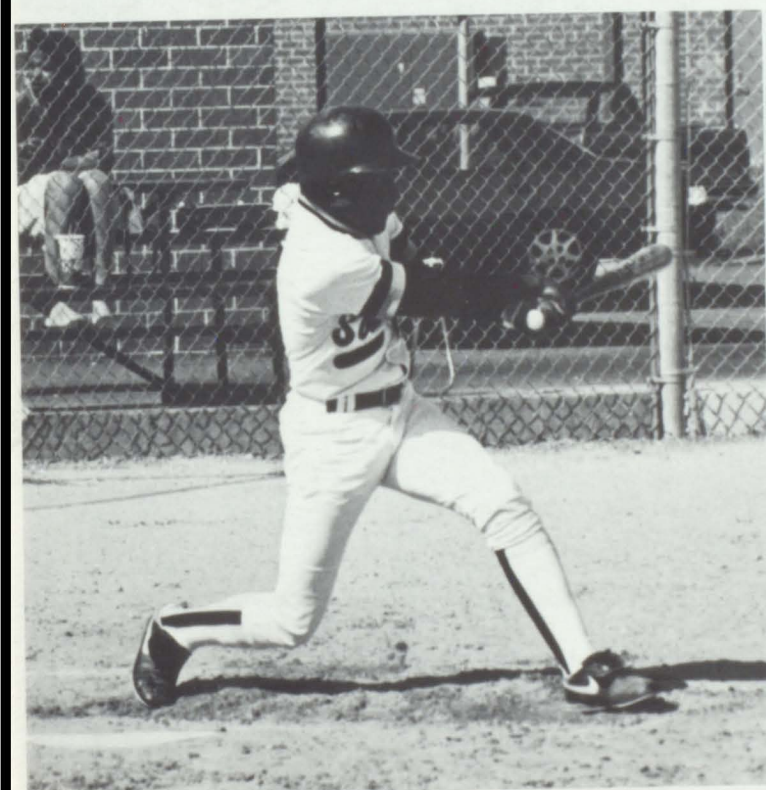

more victorious in the years to come. The Warriors proved to themselves that teamwork and dedication is the key to success.

Top, left to right: Coach Ashley and Donald Henderson discuss a little strategy. Kevin Johnson pulls through for a base hit. Out at third! Bottom, left to right: Another hit for the Warriors! Josh Eaton watches for the next play.

Front Row, left to right: Adam Weiche, Brad Miller, David Courson, Kevin Reid, Fred Gore, Gabe Fuller, Robby Fountain, Ricky Crook; back row: Lance Guest, Ben Dishmond, Donald Henderson, Bryan Stovall, Josh Eaton, Michael Mathis, Kevin Johnson.

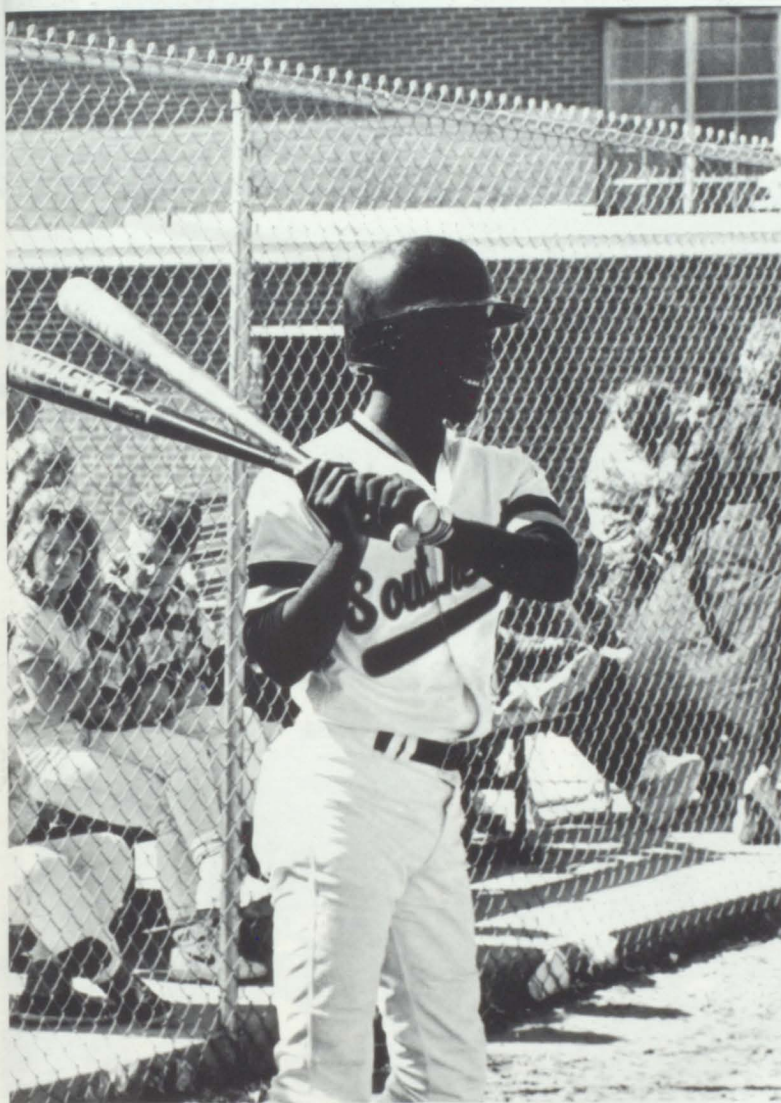

Top, left to right: Kevin Johnson stretches to make the out at first. Gabe Fuller gives it his all for a base hit. A Warrior meeting on the mound. Calvin Thomas awaits the next pitch. Middle, left to right: Michael Mathis goes into his wind-up. Ben Dishmond awaits his turn at bat. Ricky, Ben, and Donald cheer the team on. Bottom, left to right: Coach Ashley gives the fellas a pep talk. No problem, it's a piece of cake!

## *Learning to Learn*

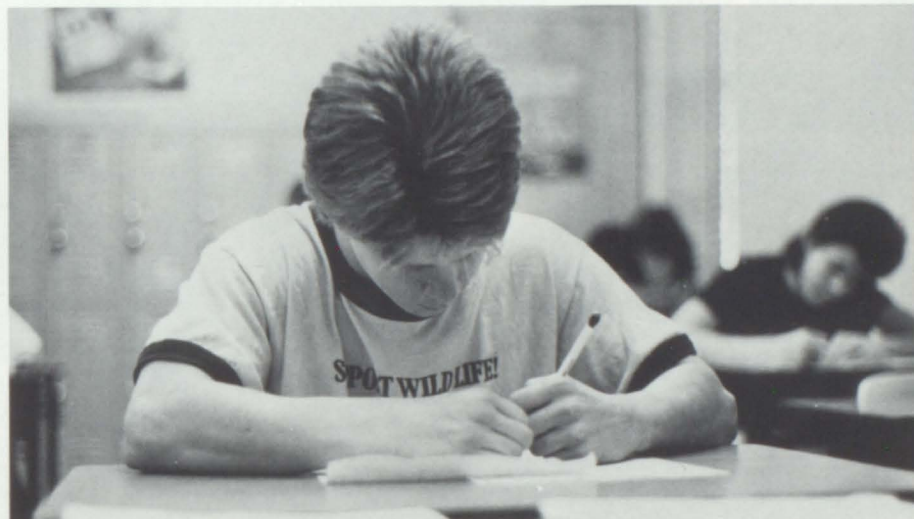

The diversity among high school students and the methods of learning help to shape the school and to create unique learning opportunities for everyone. Here at Southeast, students experience such things as having class outside on a sunny day, participating in mock trials, and learning to operate robots. Whether it is cooking in home economics or testing the theory of a hovercraft, students gain valuable hands-on information in all aspects of the curriculum.

Beyond the serious test-taking atmosphere of average high schools, our students find ways of making school life a little more interesting. From Spooky Spirits to Beauty Queens, learning opportunities are always interesting and challenging, and possibilities for growth and exploration are boundless.

# Organizations

## *Learning to Care*

To some, the hour a month spent in club meetings is an excuse to get out of class, but to many, it is more than that. Whether it is academic or hobby oriented, service or spirit, no matter what category it may fall, every club has found a way to help those around them. It is an instinct in us all, we only must find the time to Learn to Give.

# [Art]

The Southeast Art Club involves itself in communicating the importance, beauty, and even the humor of art in everyday life. Members learn about new art techniques at meetings as visiting artists share their experiences. At Christmas, door decorations are distributed to an area nursing home. In the spring, they give others the opportunity to express their artistic abilities by sponsoring the annual Art Show. Members also visit elementary schools to help upcoming students understand the value and fun of art.

The Beta Club, an organization that honors students who excel in academics, encourages members to participate in various service projects to benefit the community. But it's not all work. In February, members went to the State Beta Convention where "Clam" ran for state vice president. Hopefully SE Beta will continue to attract the type of people willing to work as these students have this year.

Members are encouraged to visit local Bridge Clubs here in the city on their game nights as well as scheduled tournaments throughout the year.

# [ Library ]

The Media Center is a resource area available to all students and staff. Mrs. Gibbs and Mrs. Watson, along with their assistants, provide materials to be used by students and teachers to support the school curriculum. The assistants collect books, deliver notices, and run errands. They also shelve books, check in magazines, and work on the computer. The Media Center would not run properly without the entire library staff.

Right: Library Assistants. Left to right: Frederick Young, Desmond Brown, Royce Arnold, Media Specialist Sarah Gibbs, Stephen Rigby, Mary Robinson, Media Clerk Lynn Watson.

# [ Civitan ]

The Southeast Civitan Club works very hard to help the community and school by volunteering time to help others. Civitans gathered canned goods for the victims of Hurricane Hugo, organized two blood drives at school, worked with the Bill Boyd Over-80 Party, and helped to advertise the Cherry Blossom Festival.

# [ FTA ]

Future Teachers of America exposes students to critical duties and responsibilities that are required of teachers in today's work force and the proper preparation needed. The members of the club look at films about education, attend workshops, and review college requirements and financial assistance. They also prepared food for needy families at Thanksgiving and participated in the Toys for Tots drive at Christmas.

# [ International ]

The International Club focuses on learning about other countries and their cultures. One interesting method is by discovering the unique cuisine of foreign lands. During each club meeting, members bring different foods to sample and have the opportunity to play foreign games.

But the International Club also helps the community. They participated in the Kids Yule Love toy drive and the school beautification project. A successful bake sale helped to fund a delicious, foreign dinner for each member.

"We believe that by learning the language of other countries, you learn about the soul of their culture. And remember, monolingualism can be cured!"

# [ Key Club ]

As this is the charter year for the Key Club at Southeast, its members were eager to pinpoint their community's needs and work with each other to meet those needs. In doing so, they assisted in a United Cerebral Palsy project and distributed red ribbons for MADD as a reminder for people not to drive under the influence of alcohol. Their efforts opened a new door leading to a bright Key Club future.

## [ Academic ]

The Academic Team competes in all areas of knowledge, from science and math to history to the fine arts and foreign languages. From this nucleus a powerful team will grow.

# Student Council

The Student Government organization provides leadership preparation for tomorrow's leaders. The purpose is to set good examples for our future leaders and show excellent leadership qualities.

This year the Student Council had a full schedule of events including pep rallies, bonfires, a MORP dance called "Jungle Jam," a spooky spirit contest during Halloween, and Spring Fling. One of the most successful events was the collection of Christmas gifts for the Macon Health Care Nursing Home. One activity, both sad and happy, was sponsoring a week to honor our retiring principal, Mrs. Hadarits. The Student Council has contributed a great deal of their time and hard work to Southeast High School.

# [ VOCA Club ]

Learning to compete in the business world today is a big challenge. VOCA Club members have accepted this challenge and strive to develop the knowledge needed to obtain future careers. VOCA was organized to help provide recognition on the local and state level for CVAE students. The VOCA Club is a vital part of the CVAE program because it gives students an opportunity to participate in school activities that give them valuable career experience. Students also attend local, state, and regional meetings, as well as participate in vocational competitions and community projects.

They hold tutoring sessions for anyone who needs help in many areas of mathematics such as SAT, algebra, geometry, and trigonometry. MAΘ has also organized the ever-popular Brain Teasers Anonymous, which consists of mathematical puzzles and logic problems. Through the hard work and dedication of this math honor society, mathematics has become a little easier to do and a lot more interesting!

# [ Math Team ]

Would you give up your Saturday to compete in mathematics contests all around the state of Georgia? Well, here at Southeast there are some who do just that. The Math Team did surprisingly well this year by taking third and fourth place at the Bibb County Math Meets this fall and spring. Two seniors received individual awards for their outstanding performances during the year — Shannon Huskins took second place at Bibb County and Royce Arnold received third place at Macon College. Because of the enthusiasm and spirit demonstrated by the members the future looks bright for the SE Math Team.

They performed their Christmas program for the PTSA and for the entire school. They have also performed at Six Flags for the past two years. The Southeast Chorus is an active, talented group of singers.

They were even among the bands chosen to participate in the "Lord Mayor of Westminster's New Years Day Parade" in London, England. The band will participate in the All-American Bowl Football Game and Parade in Birmingham, Alabama. Band members traveled to elementary schools to perform for the youngsters and to stimulate interest in the band. The Southeast Band is soaring high!

# [Phoenix]

The staff of the Southeast Phoenix is back! Bringing you another slightly warped view of life at SEHS, this year's edition is a combination of a stressed out editor, a disabled advisor, a frustrated staff, several thousand computer foul-ups, and billions and billions of adventures and misadventures here at SE. Through abnormal difficulties with near financial ruin, a low number of books sold, and the advisor being out for two months, we struggled on, often down but never defeated, as we, too, were Learning to Fly.

We, the staff of the Southeast Phoenix, present to you, the Warriors, what we hope is the greatest, most avant-garde, highest flying yearbook in the universe. Enjoy!!

***“The Spirit of the Warriors”***

Another school year came and went, another edition of the Phoenix was created and sold. A lot of things happened over the past nine months — the first crop of seniors received their diplomas, the juniors planned and attended their first prom, the football team won its first game. And some traditions were continued - the assemblies that get us out of class, Spring Fling Week, final exams. But some things took us by surprise — Ms. Hadarits retired, the students were allowed to wear shorts, the girls basketball team went to State.

The staff of Phoenix '90 tried to give you in this mini-magazine a small taste

of everything that occurred over the school year. But I'm quite sure that we missed one of those graffiti-writings in the bathroom or a food fight in the lunchroom. Rest assured that we'll cover it next year.

Once again, I was fortunate enough to be the co-pilot of this motley crew. But something unusual happened this year: the experienced pilot, Miss Crumbliss, took a 9-week vacation in the Caribbean and left me to land this baby without a flight manual. But amazing as it might seem, the mission was accomplished and we all learned to fly. We, everyone at Southeast, have learned to be inde-

pendent, to take chances, to risk everything for what we believe in.

Therefore, I present to you the second edition of Phoenix. And I would like to thank everyone who helped me through this year — teachers, close friends, acquaintances. I couldn't have done it without you. I want to wish you all a safe flight through your adventures and travels in life.

*Shannon Husk*

## SHAWN MYERS RECEIVES COVETED FIRST ANNUAL FLYING AWARD

By Paul Burner

Literally one Southeast student did learn to fly. Shawn Myers was introduced to flying by his father; as a young teenager Myers frequently flew with his father. As his interest in flying grew, Shawn began flight classes. By age 14 he had learned the basic instrumentation in a plane. Shawn remembered, "I had to read several large books and

study them thoroughly. I also went to classes to learn about the engine and other parts of the plane." The next part of Shawn's flying education included actual flying sessions in which he took the controls in different situations, including some dangerous times. "These classes might not sound too difficult," said Shawn, "but don't decide that til

you try it."

Shawn concluded, "I really owe a lot to my father and would like for everyone to know how much I appreciate my dad's understanding and helpfulness in my flying experiences." This Warrior has truly earned his wings.

### The Year in Review

Beginning on June 4 with the Beijing slaughter, the past twelve months have been a heyday for politics. Communism crumbled as its antagonists gained courage. First in Poland, then in Czechoslovakia, Romania, Hungary, Bulgaria, and of course East Germany, the Western World watched in awe as the Eastern Bloc broke free from Communist chains and cruel dictators.

It has also been a epochal year for natural disasters. In late September, Hurricane Hugo smashed through the Caribbean, then the Carolinas and Virginia, leveling whatever was in his path. Charleston (S.C.), being in his way, was drenched by the time it was all over. On the other side of the nation, and in the middle of the World Series, disaster struck California. Measuring 7.1 on the Richter scale, the earthquake in San Francisco and the Oakland Bay Area was one of the biggest disasters of the year. The Marina district blazed and the Bay Bridge was the vision of death, with the upper deck collapsed on the lower, crushing all within.

As far as entertainment goes, there were hit movies as usual: “Batman”, “The Hunt for Red October”, “Driving Miss Daisy”, “Pretty Woman”, “Teenage Mutant Ninja Turtles”, etc. Music? Well, some oldies came back: The Who, The Rolling Stones, The B-52's; some hot ones kept on sizzling: Paula Abdul, Madonna, Janet Jackson, Aerosmith; and some found popularity: M. C. Hammer, Sinead O'Connor.

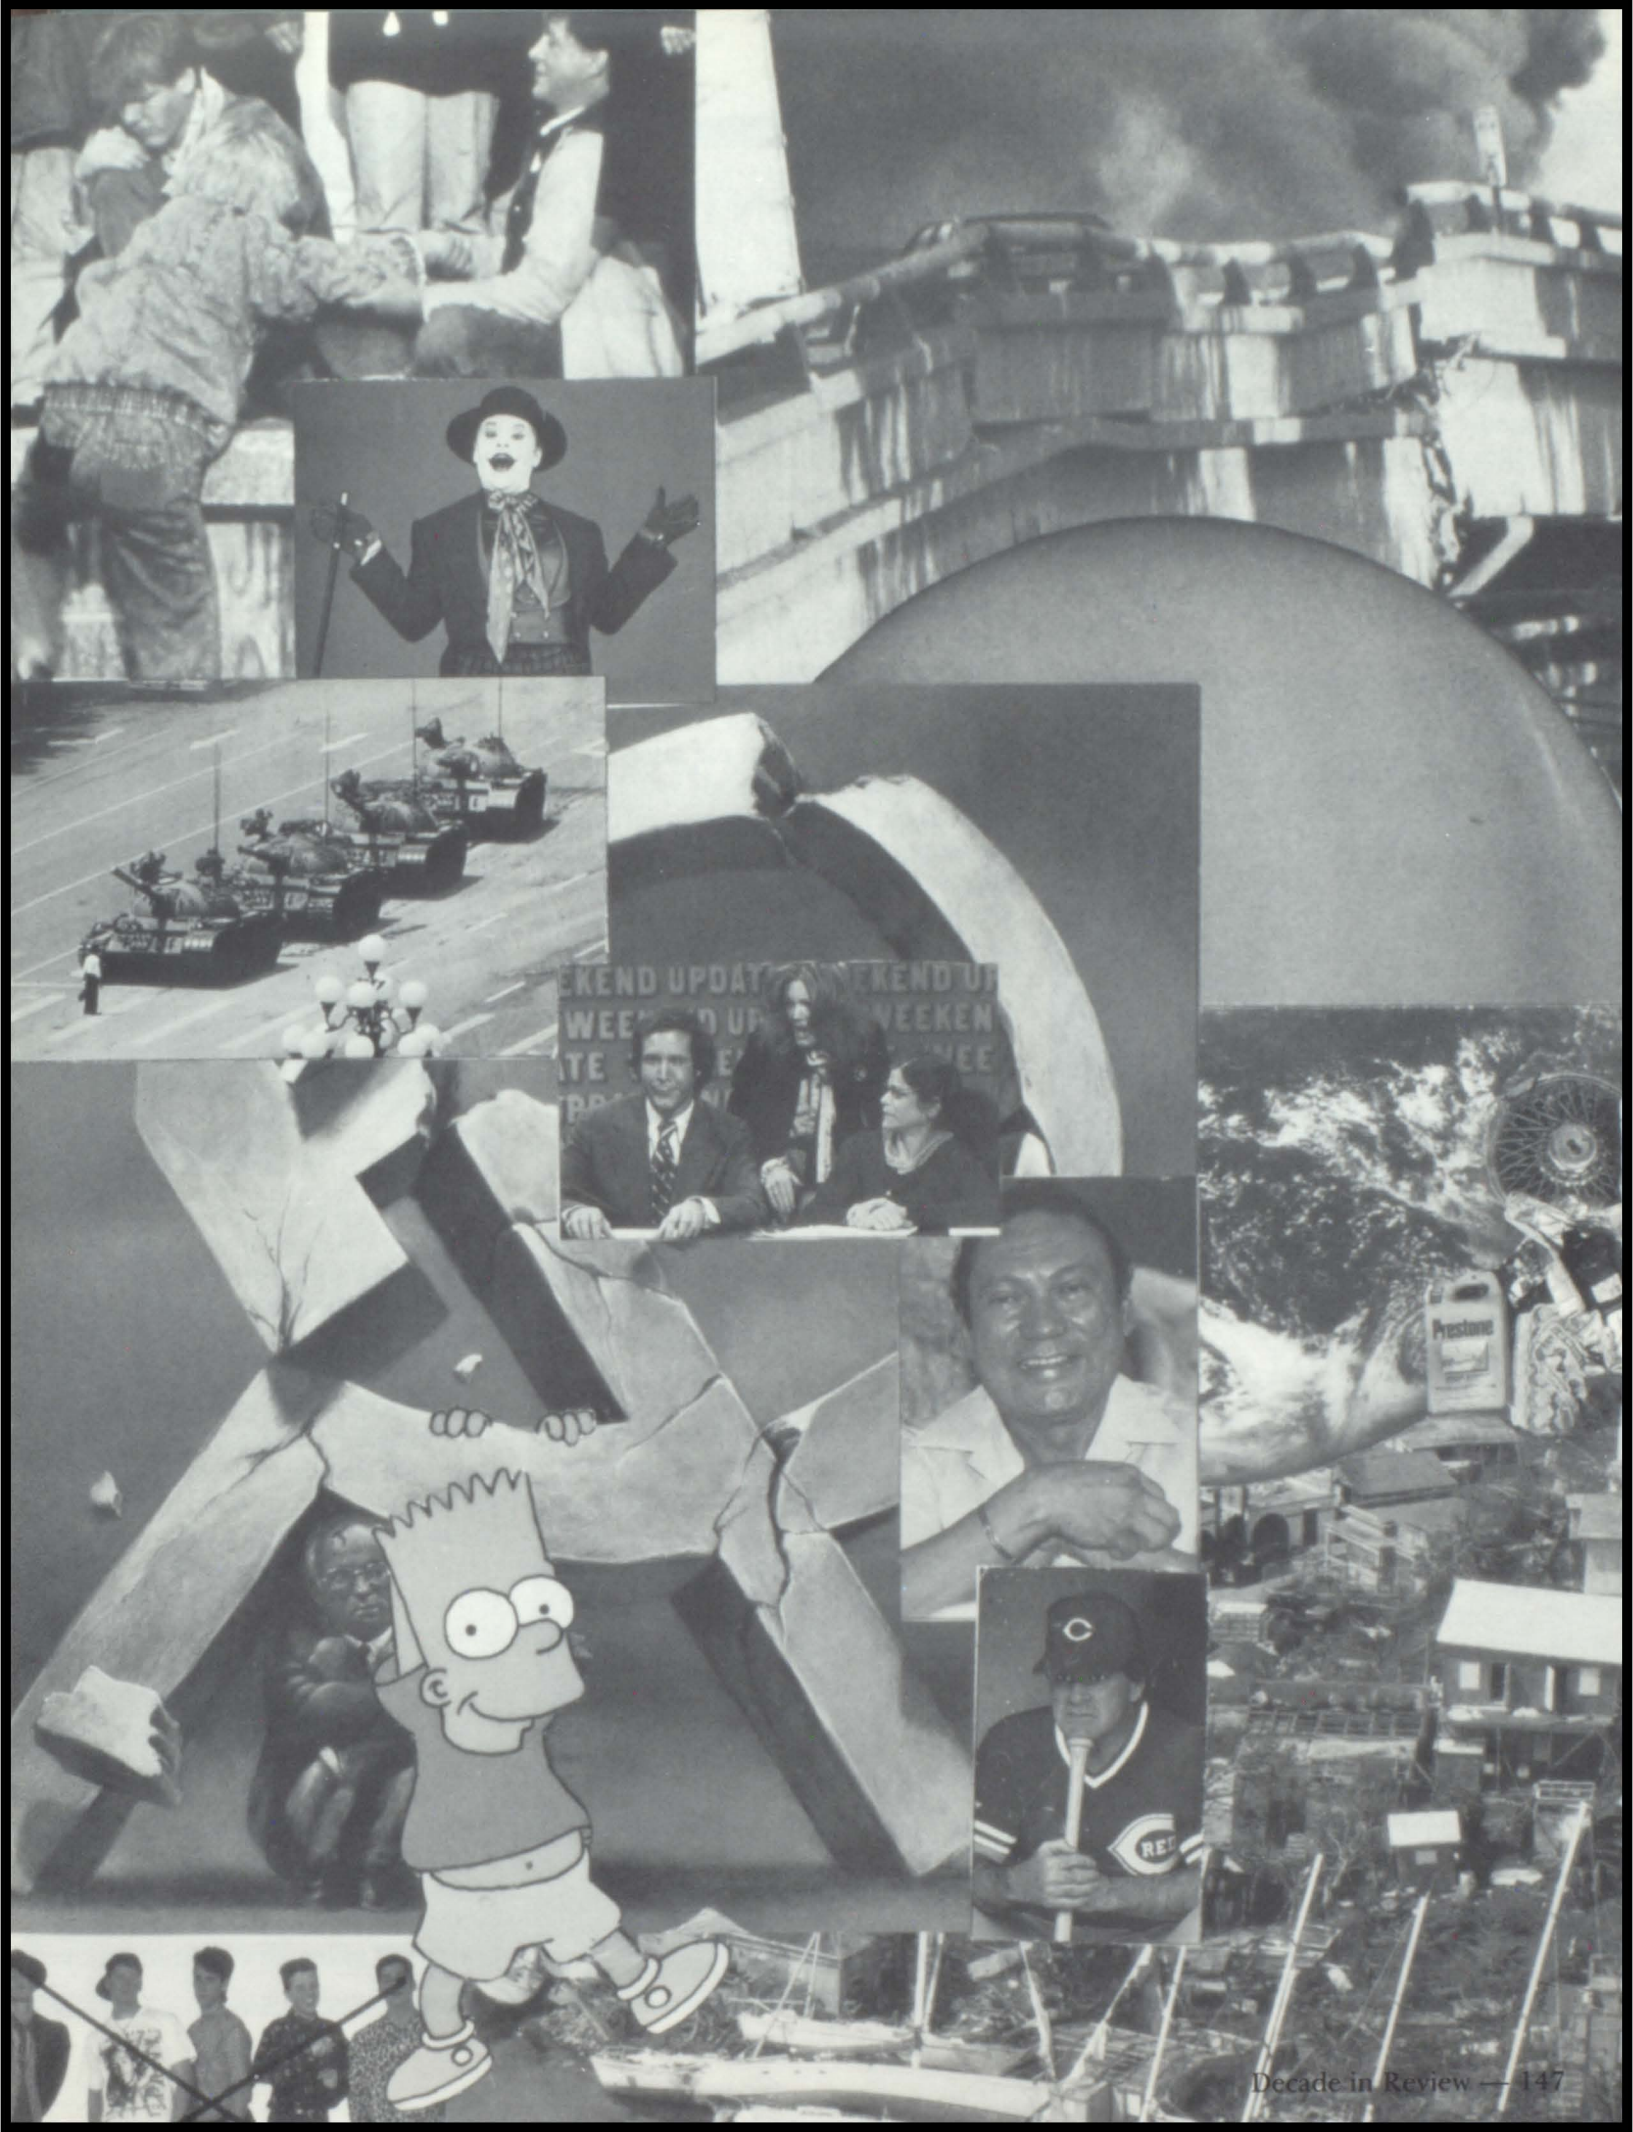

In television...we were able to see great things like the fall of the Berlin Wall and Noriega being canned. We've also been able to see some not-so-great things like “Tabloid T.V.”; that is, all those talk shows with topics like “Legless Lesbians who want Children.” There were some good new shows too:

“The Simpsons”, “America's Funniest Home Videos”, and the new cult drama, “Twin Peaks.” “Life Goes On” was the first series to feature an actor with Downs Syndrome. 1989 marked the 15th anniversary for “Saturday Night Live”; keep it coming, guys.

NASA was pretty busy over the last year. We saw Neptune and Triton, with the help of Voyager II, and we launched Galileo and the Hubble telescope. Wow! Doctors were still fighting AIDS and Alzheimer's, not to mention cancer and all those other bad guys. Maybe one day...

From the outer reaches of space to the inner recesses of the freedom-seeking human heart, 1989-90 was a fascinating year.

## SHORTS?!

By Connie Palmer

Students at Southeast now have an advantage that most high school students can only hope for. Starting with the 1989-90 school year, Ms. Hadarits made an amendment to the student rules and allowed shorts to be worn for the first time, even though our school is "climate controlled". All in all, the student body cooperated by wearing shorts that were no more than three inches above the knee.

Lisa Johnson and Michael Short in legal shorts.

## MOCK TRIAL

By Nathan Harbison

The Mock Trial, presented by Mr. Douglass's honors civics classes, was held again this year in the library during the month of April. It provides the students a firsthand look at the way the judicial system works. It also gives them an actual part in the legal system. In addition, it helps the students develop logical thinking skills and expands their awareness and appreciation of the basic principles of our democratic system. The students were able to work with professional lawyers and to do extensive research on the complicated murder trial. Maybe someday one of these students will find himself arguing a case before the Supreme Court.

## MATH CENTER

Now Southeast students have a new reason for going to the library — the math center. Sponsored by Mu Alpha Theta, the math center consists of wooden puzzles, brain teasers, and geometric problems. From the Brass Ring to the Perplexing Pyramid to the Twisted Nails, there is something for everyone.

## LT. BROWN

By Christie Abbott

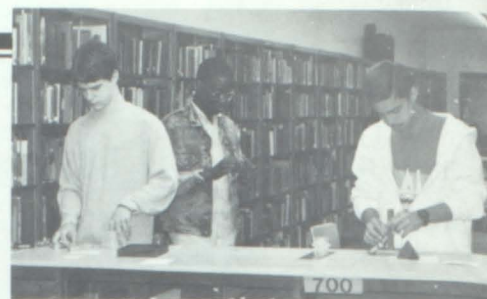

"You're gonna listen to me now, or you're gonna listen to me later. . ." On March 14 the student body watched and listened to Lt. Drew Brown lecture on the importance of a college education. He strutted into the auditorium, and he was BAD. The Top Gun Navy Pilot was in Macon for the Cherry Blossom Festival and changed everyone's perspective on college. According to Brown, no matter where you come from, no matter how little money you have, if you have a desire to go to college, you can find a way to go.

You see, the lieutenant grew up in the New York projects and managed to stay clean of drugs and alcohol despite his environment. He later went to college and majored in engineering. Brown gave the student body an ultimatum: either go to college or quit school and get a job working at McDonald's.

Then, at the end of the assembly, Ms. Hadarits was titled BAD when Lt. Brown gave her his aviator sunglasses.

## FIRE!

By John Jones

On the evening of June 22, 1989, a fire erupted on the second hall of Southeast High School. The cause of the blaze was classified as an "electrical accident". Room 308, which belonged to social studies teacher Mr. Henry Ficklin, was totally devastated. The heat was so intense that the lockers were partially melted and the paint on the wall had begun to bubble. Mr. Ficklin lost many items that were in his room, including a computer, floppy disks, briefcases, sixteen-year-old references, and a thousand dollar software package. The entire hall was covered with soot and ashes, as well as smoke and water. The library was not left out of all the fun. Many of the books were damaged by the smoke and water. When the students arrived back at school, the smell of smoke could be detected on the whole hall. Even at the end of the school year, soot was still belching out of the air conditioning ducts.

## COMMUNITY NEWS

By Tammie Addison

Everyone loves a parade, especially **Tammy Yearwood**, **Kristina Rooks**, and **Tammie Addison** — the Southeast Warriors on horseback! The band, drill team, and mounted Warriors awe thousands of spectators at the annual Christmas and Cherry Blossom parades.

Spreading the Southeast spirit elsewhere in the Middle Georgia area is **Clam Lorenz** and **Jon Kent**, who are representatives on the Macon Telegraph and News Teen Board. Writing articles reflecting the interests of teens

Jon and Clam — Teen Board members

and highlighting events at our school, both work hard to promote Southeast.

It seems that Southeast students have been blessed with the qualities of understanding and caring. Community representatives **Ivey Miller**, **Consuela Palmer**, **Rufus Butler**, **Delvin Wilson**, and **Karen Edwards** show support to teenagers by serving as counselors for the Macon-Bibb County Health Department.

On the political side the Warriors voice their views through the Macon Junior City Council. **Nicole Partin**, **J.J. Maner**, **Stephen Hall**, **Windy Luttrell**, **Erica Nelson**, **Katina Young**, **Crystal Jones**, and **Telisa Howard** work with area teens to involve youth in government.

Another way Southeast is represented is through the members of Project Link. **Nathan Harbison**, **Robin Suttles**, **Tina Goolsby**, **Kim Putnal**, and **Alexius Walker** observe the school system and work closely with Partners in Education to make necessary adjustments to insure the success of Bibb students.

Few students would be willing to spend their summer studying and learning, but five students here at Southeast will be doing just that. **Carlton Lorenz** and **Styletta Carter** will be attending

the Governor's Honors Program at Valdosta State College for six weeks studying English and social studies, respectively. **Brandi Rogers** and **Jessica Holloway** will be spending a week at Girls' State and **Andrew Williams** and **Clint Hopper** at Boys' State.

Southeast students are undoubtedly a powerful force in the promotion of youth in central Georgia. In our school lies the potential for future doctors, governors, novelists, and even presidents. The Warriors continue to shine a light for upcoming teens to follow and be proud of!

## BLOOD DRIVE MEMORIES

By Andy Upshaw

Even from the title you know something adventurous is about to happen. If you were at the blood drive you remember the heat in the gym and the anxiety of watching strangers inject thick needles into the arms of your friends, knowing that you're next!

I thought, "Blood drive — that's a noble cause. I'll sign up." Then I got scared when my brother told me he passed out when he gave blood. Finally, it was my turn to lie on that cold table. They started taking the life source from my arm, and I thought, "This isn't so bad."

And then it was all over. Whew! Now all that was left was to eat cookies and I'm home free. So, I took a drink of lemonade . . . and that's the last I remember. After I came to, the friend who'd talked me into signing up drove me home.

But, all in all, the blood drives sponsored by the Civitans were a success, regardless of the number of people who were dropping like flies all over the gym floor.

## A Conversation with the Chief

By The Clam

Around Southeast High, when someone mentions Warrior spirit, the unmistakable voice and image of Anne Hadarits always comes to mind. Since it's Mrs. Hadarits' last year at SEHS, we wanted her to have a few parting thoughts:

Born in South Carolina, Anne Hadarits moved to Macon as a child in time to begin her schooling at Bellevue Elementary and later Miller High School. During her time at Miller she developed an interest in education. She said, "I was always very active in sports, for a girl, and I liked school. So as I got into junior high and high school my focus became physical education teacher." Anne attended Georgia College for her undergraduate studies, and UGA for graduate work. "When I went to college I didn't need to change my major 3 or 4 times; I went for the express purpose of becoming a PE teacher."

Once certified, Ms. Hadarits began working at

Fulton County High School, which ironically was in its first year of operation. After four years in Fulton County, she returned to Macon to teach at McEvoy, a job she held for 20 years. There she made up her mind to go into administration. "I held several administrative positions under Gloria Washington and had gotten a little taste of it, so I was confident it was something I could do."

Anne's first administrative position was as an assistant principal at Central, a job she took because "for administrative jobs, you take them where they're offered." After two years, she returned to Southwest, this time as Willingham B principal. Then,

in 1987, Anne Hadarits was named principal of the new high school, Southeast. She said of that, "I really didn't know that I would get the job because I had to go through an interview process like everyone else."

At first, things were tough. "I was the only designated person for Southeast, so when a PTA or civic group wanted to talk about us, I was the one who had to go." This was in addition to her duties as Southwest. "I'd work all day at Willingham B, then from the afternoon on I'd work on Southeast. I would not recommend that schedule to anyone." Halfway through the 1987-88 school year, Ms. Hadarits got to meet her staff, Southwest teachers who had declared their desire to move to Southeast. "I think that was a key factor, in that the faculty got to decide whether to move. There's a big difference between having a choice and being told to do something."

Then before she knew it, it was time for Ms. Hadarits to open her new school. "I wish

we had had a couple of extra weeks before school opened for the teachers to come back and help get things ready. We opened our brand-new school in the same amount of time that established schools did, and it was tough." However, things were soon in full swing, and before she knew it, a year had passed. "It amazes me how much is already in place and running. I had these expectations and aspirations, but it was more of a hoping. We've really done a lot in these two years."

When, in March, 1990, Ms. Hadarits announced her retirement, the Southeast family was first stunned, then excited for her. "I had a plan, that after 30 years, I'd retire and move to the coast, and that's what I'm doing. I have mixed emotions about retiring, and I wouldn't take anything for my time at my last job, here, in Warrior Territory."

Anne Hadarits, we'll miss you.

## SENIOR ACTIVITIES

By Pam Walker

As the first senior class began to prepare for their last year of high school, they knew they wanted nothing but fun! And that's exactly what they got. The first of many senior activities began with senior pictures, then senior jersey days, and on to the senior Christmas Party. May came and that meant time for a picnic at Lake Tobo, hayride at Hudson's farm, and then senior week was here. Monday was Hawaiian Day and senior breakfast. Tuesday followed with Blue and Black Spirit Day. 50's and 60's Day was Wednesday, and everyone who participated bounced around school singing those oldies. And on Thursday the lip-sync contest was held — a performance that won't easily be forgotten. Later that evening the senior class, dressed in their caps and gowns, met at the Grand for Honors Night. With only three days left of their senior year, the entire senior class was dressed in their Sunday best for the senior luncheon, and that night Bob's Mobile Sound cranked out the hits at the Senior Dance.

## NIGHTMARE HIGH SCHOOL

By April Jones

After many long and frustrating moments "Nightmare High School," our first senior play, opened. The cast of twenty-two, directed by John T. Jones, made the play a major success.

On opening night, February 15, 1990, a few cast members still had trouble with their lines, and some just "tripped" all night. But by curtain time on February 16, the cast members were well prepared, giving it their all as they played to a packed Museum, in the end receiving a standing ovation.

The play opened with five high school students sneaking into the school auditorium to capture the "Locker Stalker." There they ran into another friend from school, and all six of them spent the night.

During the night several of them had dreams ranging from very serious to outrageously silly. By the middle of the night they nabbed the "Locker Stalker" and finished their quest with a slumber party.

## CHRISTMAS

By Shannon Jackson

The Christmas season was one of great joy and caring for Southeast. During the Christmas assembly the students were treated to a yuletide concert. Traditional tunes, seasonal songs, and amusing jingles could be heard echoing off the gym walls. After the performance a student from every supervision presented a gift that was taken to an area nursing home. Other organizations, such as the Civitans, International Club, Beta Club, and Key Club, took part in the giving spirit by donating toys to Kids Yule Love and Toys for Tots.

## SPOOKY SPIRITS

As the month of October neared an end everyone looked forward to that night when goblins and witches come out to roam the earth. And Southeast was not to be left behind! The Student Council sponsored the Spooky Spirits Contest on Halloween. All the members of the student government dressed in a costume and collected change from the student body. The project was a success again this year, and Lance Hudson - a.k.a. The Pig — won first place.

## JAY STRACK

By Brandy Willard

Jay Strack is a youth evangelist who has traveled all over the world to thousands of schools. Jay talks to students about his troubled past so that the students of today won't make the same mistakes he did. He gives an insight on what it's really like coming from a broken home, as well as being an alcoholic, smoker, and drug addict.

Jay was born in Florida to a well-to-do family. His father was a drunk and eventually divorced his wife, leaving her to raise two boys. Strack explained that most of his problems started soon after this; his family moved many times in the next couple of years. His alcohol problem began in the seventh grade, along with cigarette smoking and chewing tobacco. Jay did all of this to be "cool" and with the "in-crowd". His problems only increased as the years went by.

Strack lectured on the number of teenage girls having abortions and illegitimate children. He said that the blame lies with both sexes — male and female. According to Strack, the females lead the guys on with their attire and the attitude and impression they promote. On the other hand, males always say "I love you", which is interpreted as "Let's have sex".

He sums up his lecture by saying, "Don't blow your mind and body."

## SPRING FLING

By Belinda Bivins and Adra Dudley

The 2nd Annual Spring Fling Week was as much a success as last year — a week packed full of fun and activities. The school took part in Club Jersey Day, Athletic Day, Torn Jeans Day, Twin Day and, then on Friday, it was time for the outdoor activities. Sponsored by individual clubs and groups, the booths and games included a basketball game, a slam dunk contest, a marriage booth, face painting, snow cones and balloons. And it didn't seem to bother anyone that the temperature was well into the nineties — everyone seemed to be having fun.

## PEP RALLIES

By Danyelle Johnson

School spirit is an essential ingredient of Southeast, and what better way to show that than a pep rally. We witnessed such things as a slam-fest by the basketball team, the funeral of a mangled patriot, and even a drill team performance. We were always amused by Mr. Murphy's new stunts and student council's zany antics. The school watched as the student council boys dressed in cheerleading skirts and led a few cheers, then built a pyramid. Next the girls on the council donned football uniforms and tried to run a few plays. The teams might not have always won the battle, but the crowd was heartily behind them.

## BONFIRE !

By Danyelle Johnson

The intense heat and leaping flames, mixed with wild laughter, spirit, and friends set the scene for Southeast's first bonfire. It took place the night before the football match-up with Southwest on October 28. On this enthusiastic evening, the students and teachers joined around the flames to witness the hanging and burning of a rival Patriot. The cheerleaders led cheers and chants that filled the evening with warmth and joy. Everyone danced and sang while surrounded by the never-say-die Warrior Spirit.

# “Heaven in Your Eyes”?

By Kristina Case

Prom. The word holds an air of excitement and romance. You've been dreaming of this day ever since you knew its meaning. Then, finally the night comes and the weeks you've spent preparing for it have all come together. This night could turn out to be a sequel to Cinderella or possibly Prom Night III.

There are so many things that could go both right and wrong on the day of the prom. Maybe you rushed around the house like a chicken with its head cut off trying to get ready. Then your mom convinces you to try her hairdresser and you come out looking like the bride of Frankenstein. Next comes your nails and make-up which you end up doing at least 15 times. Finally comes the crowning glory, your dress. Carefully you slip it on and look in the mirror. Then you realize that your beautiful dress has suddenly turned on you. It's now the ugliest dress you've ever seen in your entire life. But there's nothing you can do about it. As your date arrives you hobble down the steps trying to put on your shoes. Nothing else could possibly go wrong.....or so you think.

Next comes the flower exchanges and your mom begins to sob while your father takes a thousand pictures. You try your best to get out of the house before your parents remember what a curfew is. Once you're in the car you try to start an impressive conversation but instead it comes out sounding like stupid gibberish. You decide to shut up while you still have a little dignity left.

Eventually you reach the restaurant. You cross all of your fingers in hope that the nightmare would end. Why stop now — you're on a roll. Okay, so maybe it wasn't totally your fault that the waiter tripped over your leg as you were getting up and flung spaghetti and lasagna all over the room.

You leave the restaurant completely mortified but still a little voice of hope keeps saying, “It's got to be better.” Don't listen — that voice is lying!

Ah, the auditorium. You enter the prom and the little hope that you had left rises within you. Your eyes sparkle with excitement. NOW it's time to put the past behind you and have a great time. That's when your date grabs you and leads you to the dance floor. Let's test out those new shoes you bought. But what's this — you forgot to scuff the bottoms and you go sailing across the dance floor right into the refreshment table. You should be proud. I believe you're the first one to go through that much humiliation and live.

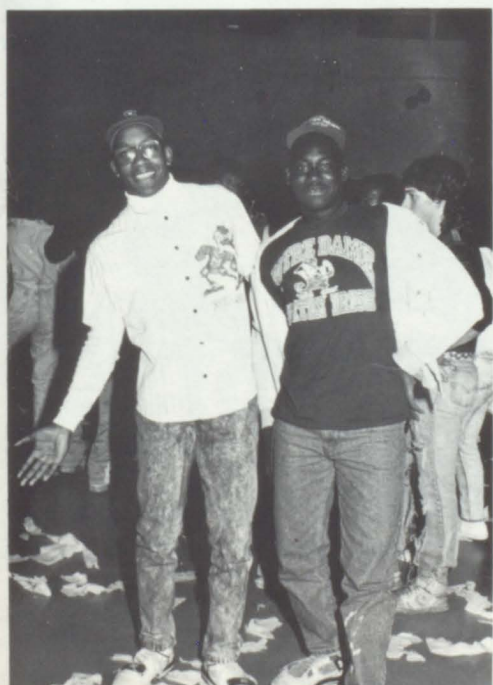

Of course, you could have spared yourself and your self-confidence by coming to the first Southeast Prom. The decorations were a breathtaking lavender, pink, and white. The billowy clouds and starry backdrops set just the right mood for our theme, “Heaven in Your Eyes.” It was definitely a perfect night of excitement and romance.

## JUNGLE JAM

If only you could have seen the gym on the night of the Jungle Jam! The entrance was lined with bamboo shoots, bushes, moss, tree limbs — everything that you could find on an African Safari! But once inside, you knew you were in for a treat. Bob's Mobile Sound was cranking out the hits while the students did the bus stop, socialized, and drank Cokes. The gym floor was covered with toilet paper and streamers, and black and blue balloons floated along. The Warriors partied all night in their most casual attire at the school's very first dance.

## STYLES OF 90

By Chris Kearbey

It would be quite impossible to describe the one trendy fashion of the year since everyone set their own styles. 1990 was a year for the nonconformist.

One hot fashion this year was the European Design™, worn by Levae Childers. This outfit consists of baggy pants, an oversized shirt that shows the midriff, and sandals. Levae also wears large hoop earrings which could be found in every accessory shop around the country. Large-faced watches, especially fossil watches, were still trendy.

Crystal Woodall displays another fashion of the year — the sporty styles of Skidz™. It was the skater look that became increasingly popular with everyone throughout the year. Crystal shows off her ever popular Sebagos™ and a ring on every finger, a fad that rocketed through the female population.

Keeping with the sporty attitude of the nineties, Robin James shows off his Just Do It™t-shirt. His outfit also includes cut-off shorts with holes and spandex underneath. Canvas tennis shoes were the new rave and friendship bracelets were still hot.

On the serious, sophisticated side of the fashion spectrum, Andrew Williams dresses in a pen-striped suit and comfortable loafers.

As you can tell, the fashions for the nineties will be as wild and varied as ever. We will just have to wait for the Parisian reviews to see what next year's fashions will hold.

# Honors Night

Ever since the inception of Southeast High School, Principal Anne Hadarits dreamed of Senior Honors Night at the Grand Opera House; she envisioned rows of black-garbed graduates streaming down the aisles of the elegant historic building. Her dream became reality on May 31, 1990, as the first Senior Class of Southeast High School started yet another fine tradition. Though civic, business, and community leaders participated, the night belonged to the Class of 1990. Impressive though the begowned seniors were, the highlight of the evening was the senior gift to the "oldest"

graduate, Mrs. Hadarits. Her portrait will hang in the school lobby to remind future generations of the first Chief and the first Warriors.

Top, left to right: The Senior Class renders Mrs. Hadarits speechless with their gift of her portrait to the school. Lead Senior advisor Eddy Langston is presented with a gift by Vice-President Lance Hudson and President Neha Desai. Middle: Seniors file in the Grand Opera House for their special honors night. Royce Arnold receives the Principal's Award from Mrs. Hadarits. Africa Ponder receives an award. Tonita Davis is honored. Heather Gibbs really doesn't want to say good-bye. Bottom: Senior officers Robin Suttles and Brandi Leslie present Mrs. Hadarits with a check for a trophy case. Ivey Miller is honored for her work with the Teen Board.

# Graduation!

June 8, 1990, is our night to remember! Launching yet another tradition, Southeast held its first graduation. The combined chorus made its debut and members of the Class of 1990 made that all-important stride across the Coliseum stage symbolizing a major turning point in life. The seniors had truly Earned Their Wings. Follow once more an evening of commencement:

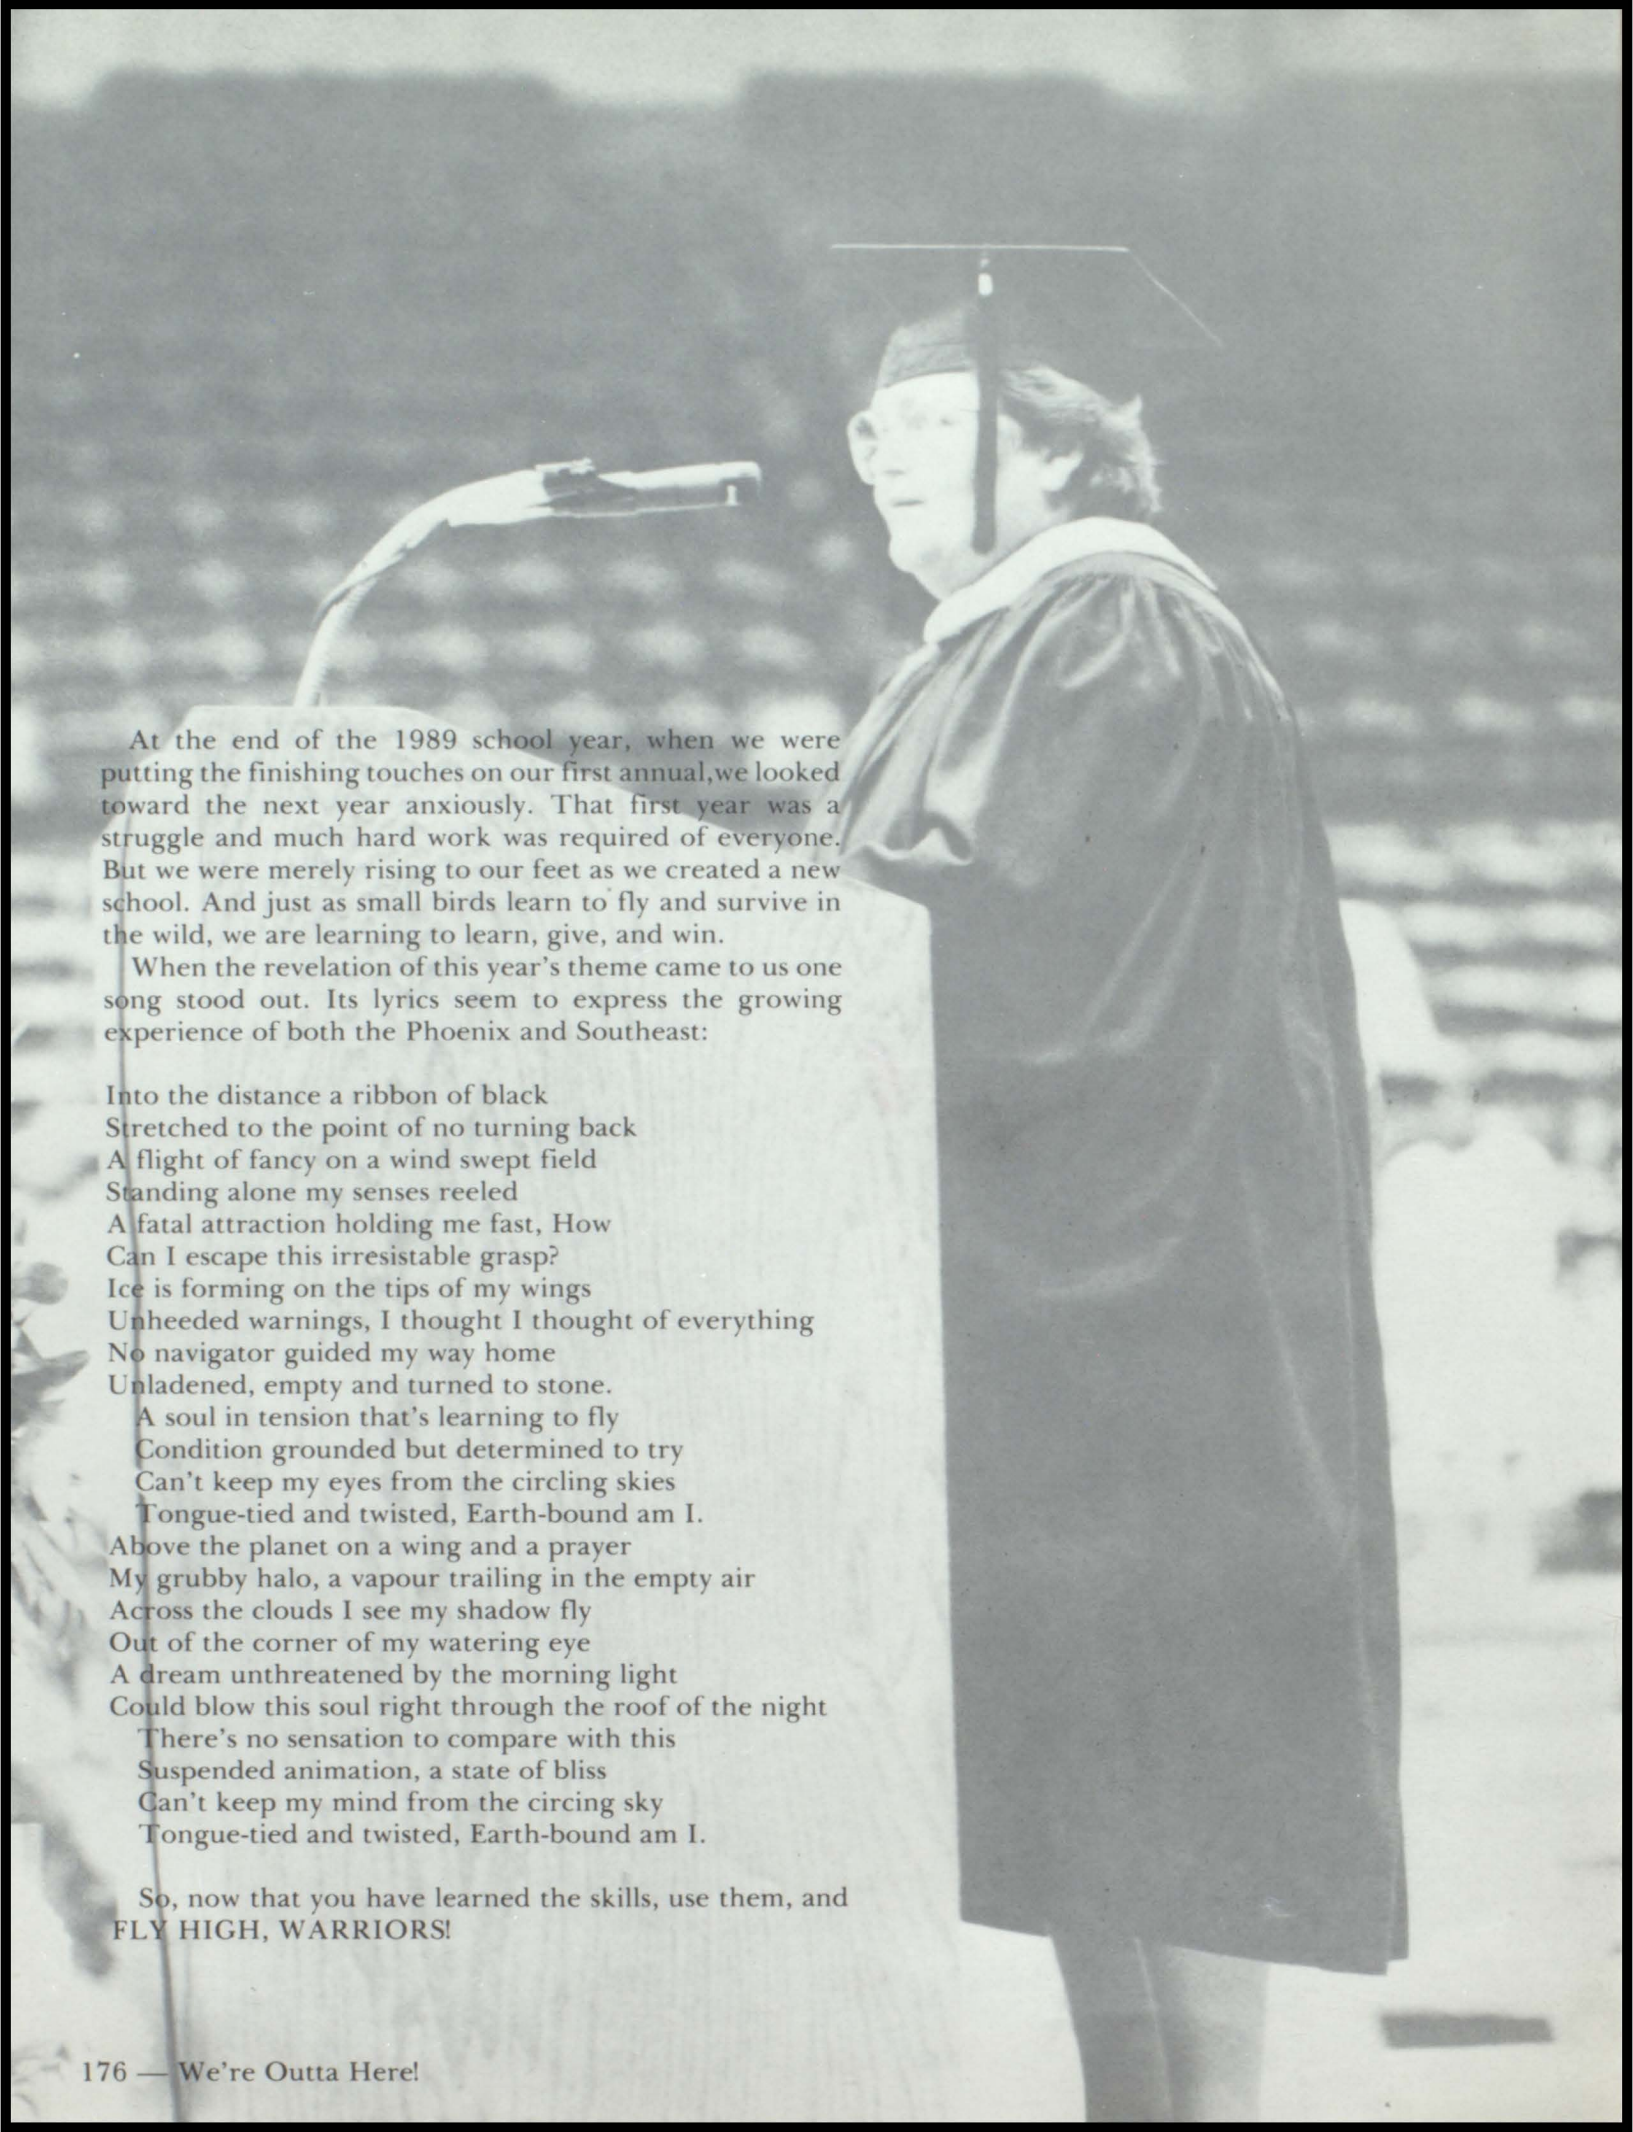

Students waited patiently in line...to hear "Pomp and Circumstance" and begin the long march down the floor of the Macon Coliseum...where First Speaker Shannon Huskins and Second Speaker Neha Desai exhorted students to remember and to grow....Listening attentively, students heard the speakers...then the combined chorus....But the BIG moment was walking across the stage...approaching the Board of Education member...and getting your hands on that diploma!...A hug from Mrs. Hadarits then off the stage...as parents eagerly recorded the important moment....It's over! We did it!

At the end of the 1989 school year, when we were putting the finishing touches on our first annual, we looked toward the next year anxiously. That first year was a struggle and much hard work was required of everyone. But we were merely rising to our feet as we created a new school. And just as small birds learn to fly and survive in the wild, we are learning to learn, give, and win.

When the revelation of this year's theme came to us one song stood out. Its lyrics seem to express the growing experience of both the Phoenix and Southeast:

Into the distance a ribbon of black  
Stretched to the point of no turning back  
A flight of fancy on a wind swept field  
Standing alone my senses reeled  
A fatal attraction holding me fast, How  
Can I escape this irresistible grasp?  
Ice is forming on the tips of my wings  
Unheeded warnings, I thought I thought of everything  
No navigator guided my way home  
Unladen, empty and turned to stone.

A soul in tension that's learning to fly  
Condition grounded but determined to try  
Can't keep my eyes from the circling skies  
Tongue-tied and twisted, Earth-bound am I.  
Above the planet on a wing and a prayer  
My grubby halo, a vapour trailing in the empty air  
Across the clouds I see my shadow fly  
Out of the corner of my watering eye  
A dream unthreatened by the morning light  
Could blow this soul right through the roof of the night  
There's no sensation to compare with this  
Suspended animation, a state of bliss  
Can't keep my mind from the circling sky  
Tongue-tied and twisted, Earth-bound am I.

So, now that you have learned the skills, use them, and  
**FLY HIGH, WARRIORS!**
